SUMMARY.

RELATIONS WITH THE BRITISH GOVERNMENT, &c.

Political relations.

1. The relations with the Residency and the neighbouring Native States continued satisfactory during the year under review.

The demise of Her Most Gracious Majesty Queen Victoria.

2. The most striking event of the year was the lamented demise of Her Most Gracious Majesty Queen Victoria, Queen of the United Kingdom of Great Britain and Ireland, and Empress of India. The sad intelligence was received here on the 23rd January 1901, and messages of condolence and sympathy were immediately wired, by His Highness the Maha Raja, to His Royal Highness the Prince of Wales and the members of the Royal family; public offices and institutions, throughout the State, were closed for four days, the flag on the Mandvi Tower was hoisted half mast high, and 101 and 81 minute guns, respectively, were fired by the State Artillery, on the 24th and on the day of the funeral, as a token of mourning and deep respect for the memory or Her Majesty the late Queen Empress. The news was received with universal grief, and the shops in the capital city and in the principal towns of the four Divisions of the State were closed.

The accession to the Throne of His Imperial Majesty Edward VII.

3. The 24th being the day of the accession to the Throne of His Imperial Majesty Edward VII, King of Great Britain and Ireland, and Emperor of India, a Royal salute of 101 guns was fired, and the flag on the Mandvi Tower was mast-headed during the salute. The Proclamation, of the accession to the Throne, of His Most Gracious Majesty, and the Declaration, made by His Majesty, subsequent to the Proclamation, were published by order of His Highness the Maha Rajah for general information.

Queen Victoria Memorial Fund.

4. On the invitation of His Excellency the Viceroy, His Highness the Maha Rajah consented to become a Vice-patron of the "Queen Victoria Memorial Fund," and responded to the invitation with a subscription — Rs. 80,000 representing His Highness' subscription to the National Indian Memorial Fund, and Rs 20,000 that of Her Highness the Maha Rani to Lady Curzon's Victoria Memorial Scholarship Fund. His Highness, also, contributed a further sum of Rs, 10,000 to the Bombay Victoria Memorial Fund, thus making a total of one lac and ten thousand rupees. Subscriptions were also invited, from the public, to the National Indian Memorial Fund, at Calcutta, to commemorate the name and reign of Her late Most Gracious Majesty Queen Victoria, Empress of India, and the amount subscribed was duly remitted.

Extradition of offenders.

5. Matters relating to the extradition of criminals, between Baroda and the neighbouring British Districts and Native States, were, as usual, satisfactory and will be found noticed in another part of the report.

Mail robbery.

6. There was no case of mail robbery.

Extradition arrangement between the Portuguese and Baroda.

7. During the year under retrospect, the question of extraditing certain fugitive offenders, from Baroda territory, to His Excellency the Governor of

Portuguese India, underwent discussion, in the course of which His Highness' Government expressed its willingness to surrender to the Portuguese authorities at Dieu, the offenders who were Portuguese subjects and whose extradition was demanded, on receipt of a prima facie case against them, on the understanding that reciprocity would be observed by the Portuguese Government in regard to Baroda subjects taking refuge in Portuguese territory.

Post offices.

8. Eleven new Post Offices were opened, and 25 Letter box stations were added while 10 Letter boxes were withdrawn. Two Letter boxes were omitted to be shown last year. The total number of Post Offices and Letter boxes in the State, at the close of the year, was 99 and 360 respectively.

Mutual exchange of Panchyakyas in extradition cases/

9. An understanding was arrived at between His Highness' Government and the Political Agent, Mahikantha, whereby Panchkyases held by Police Officers of His Highness' Government and the Mahikantha Agency, recording the search of houses of accused persons for stolen property &c, in extradition matters, were to be reciprocally supplied, in original, on requisition, for evidentiary purposes.

Reciprocal service of civil processes.

10. His Highness'Government agreed to arrange for the service, by the State Courts, of all civil processes, issued by Civil Courts in British territory, on the understanding that it would not be asked to enforce the attendance before the British Courts, of the witnesses on whom such summonses were served. Corresponding instructions were issued by the Government of Bombay to the Courts in British India for the service of summonses issued by the Courts of His Highness' Government.

Reciprocal service of non-compulsory revenue notices.

11. A formal understanding was arrived at by His Highness' Government with the Palanpoor State regarding the reciprocal service of non-compulsory revenue notices.

Establishment of new Settlement on a foreign frontier.

12. The Government of Bombay, not feeling disposed to apply, in the present days of civilization, a restriction, imposed by them formerly upon proprietory rights, *viz.*, that a limit of 1,320 yards should be fixed as the ordinary distance at which a new settlement on a foreign frontier should be made—which restriction might have been needed in former days of violence and encroachments, but which was considered unnecessary under present circumstances—resolved that it would suffice if Native States gave an intimation of their intention to create a new settlement within the aforesaid limit of a foreign frontier, to the Political Officers for sanction. On being asked to conform to this ruling whenever His Highnesess' Government intended to create a new settlement in Baroda territory within 1,320 yards of a foreign frontier, His Highnesess' Government agreed to do so on the understanding that due intimation should also be given whenever any neighbouring British Districts or foreign States may have occasion to create a new settlement within the aforesaid distance from the Baroda frontier.

GIRAS DEPARTMENT.

Disposal of cases &c.

13. Out of 42 cases of Sirkar dues on Guaranteed Wantas, pending disposal by the Residency, at the end of the last year, 9 were disposed of, during the year under report. The Giras Assistant disposed of 17 cases, in which the decisions of the Special Settlement Officer were vague and imperfect, during the

year under report. He also disposed of 15 new claims to land and cash Giras of Guaranteed Girasias, 268 succession cases, 51 claims by co-sharers, and 341 miscellaneous claims

Purchase of claims.

14. During the year under report, 63 Giras Haks, of the aggregate value of Rs. 404, were bought off by a payment of Rs. 7,863.

Appeals.

15. The Settlement Commissioner, had before him 170 appeals against the decisions of the Giras Assistant; out of these, 64 were disposed of, the decisions being confirmed in 46 appeals.

The Residency disposed of 16 appeals against the decisions of the Settlement Commissioner, during the year under report. In 5 of them the decisions of the Settlement Commissioner were confirmed, in 7 they were reversed, in 3 the cases were remanded for further inquiry and decisions, and in one the parties amicably settled the dispute.

Expenditure.

16. The expenditure, on account of the Giras establishment, amounted to Rs. 13,987, during the year under report, against Rs. 15,938 the previous year.

JUDICIAL DEPARTMENT.

Control of Administrative work.

17. In view of enabling the Judges of the Varisht Court to devote their time exclusively to the Administration of Justice, a new Officer under the designation of the " Judicial Secretary " was appointed, under Huzur Order No. 28 of 26-2-01, to do the Administrative work of the Judicial Department and was invested with the same powers as were exercised by the Chief Justice in that respect.

Legislation.

18. During the year under report, two Acts were passed. They were (1) Act I of Samvat 1957 to amend the Code of Civil Procedure; and (2) Act II of Samvat 1957: Transfer of Property Act. Two bills were submitted to the Huzur during the year. They were (1) Remarriage Bill, for removing certain hindrances in the way of remarriages and (2) A Bill to further amend Sec. 18 of the General Clauses Act by adding sub clause (च) 1.

Civil Justice.

19. The total number of suits filed in all the Courts, during the year under report, was 15,527 against 7,541 filed last year, showing an increase of 7,986 suits. The increase was noticeable owing to the prevalence of famine in the preceding year, though, as compared with an ordinary year, it could not be called abnormal. The aggregate value of the subject matter of suits increased by Rs. 2,98,177 in mixed currency, being Rs. 24,10,757 as compared with Rs. 21,12,580 in the previous year. The number of suits disposed of by all the courts was 17,840 against 19,661 in the last year. The decrease was chiefly noticeable in the disposal of Small Cause Suits due to the greater number of such suits for disposal, during the preceding year, in consequence of a heavy balance at the close of the next preceding year. Suits in arrears declined from 6,554 to 4,877 at the end of the year. The average duration of suits both contested and uncontested fell from 472 and 272 days to 453 and 210 days respectively. There was also a marked improvement in the average duration of Small Cause Suits, contested and uncontested, which declined from 408 and 230 days to 163 and 78 days respectively. The number of miscellaneous cases pending

disposal, at the close of the last year, was 1,400 and the number filed, during the year, was 2,430. The total number for disposal was thus 3,830 against 3,747. Out of this, 2,742 cases were disposed of against 2,347 in the preceding year. Including the balance of possession suits, at the end of the year 1900, and the number of new suits filed, during the year under report, the total number of suits for disposal was 1,138, of which 939 suits were disposed of, during the year, against 587 in the preceding year. The average duration of a possession suit declined from 49 to 48 days. The number of appeals before the Appellate Courts was 2,916 against 2,385 and the arrears, at the end of the year under report, were 1,646 against 1,484 in the preceding year, the number of appeals disposed of having advanced from 901 to 1,270. The average duration of contested and uncontested appeals rose from 538 and 341 days to 548 and 362 days respectively, the increase being attributable to disposal of appeals pending for a long time. The number of applications for execution of decrees, received during the year, showed a considerable increase being 16,563 against 7,293 in the preceding year. There was a similar increase in the disposal of these applications, the number of Darkhasts disposed of rising from 11,034 to 14,456. In 29 cases the defendants were sent to Jail against 35 cases last year.

Criminal Justice.

20. During the year under report the total number of criminal cases for disposal was 13,001, involving 26,160 persons, under trial, against 17,084 cases, involving 36,119 persons, in the preceding year. The decrease both in the number of cases and of persons, under trial, during the year under report, was due to a decrease in the severity of famine. Of the number of cases disposed of, cases involving 4,482 accused persons were disposed of by Razinamas and those involving 2,162 accused persons were struck off the file; the number of accused persons who absconded or died was 294; 9,572 were acquitted or discharged; while those who were convicted numbered 6,170. The corresponding figures for the preceding year were 6,810, 2,539. 369, 9,718, 11,032 respectively. The Varisht Court had before it 16 cases with 20 accused persons. Of these, one accused died and 16 were convicted.

Looking to the nature of offences involved in the cases disposed of, 205 were offences of assault, 22 were offences against coin, 81 were committed by or against public servants, 85 against public justice, 2,270 against the human body; 4,774 against property, 50 against documents, 252 against marriage, and 3,790 related to the miscellaneous matters.

Of those who were convicted, 3 were sentenced to death, 12 were imprisoned for life, and 3,303 were sentenced to imprisonment for varying periods, while fines were, imposed on 5,404 persons. The amount of fines imposed was Rs. 36,852, and the amount recovered was Rs. 17,920, leaving a balance of Rs. 1,21,990, at the end of the year, to be recovered. Whipping was ordered in the case of 1,215 persons. The number of appellants, and applicants, for revision before the Courts, during the year, amounted to 1,362. In the case of 188 persons the sentences were modified, in that of 101 sentences were reversed, in that of 811 the sentences were confirmed, and in the case of 216 judgments of lower Courts were set aside. The number of appeals including revision cases, pending disposal, at the end of the year under report, rose from 91 to 158, the number of

appellants and applicants for revision involved therein being 250 against 204 in the preceding year. The average duration of an appeal or a revision case showed an increase from 45 to 55 days.

Receipts and Expenditure.

21. Owing to a greater number of suits and Darkhasts filed, there was a considerable increase in the total receipts for the year under report amounting to Rs. 1,09,838 British the receipts being Rs. 3,19,930 British against Rs. 2,10,092 in the last year. The total expenditure, during the year under report, amounted to Rs. 3,45, 424 British against Rs. 3,44,944 in the last year. Out of this amount, Rs. 2,67, 779 were expended, on account of Civil Courts, and Rs. 77,645, on that of Criminal Courts. Comparing the receipts and expenditure of the Civil and Criminal Courts it appears that the Civil Courts leave a surplus of Rs. 23,529 British after defraying their costs while the expenditure on account of Criminal Courts exceeds the income derived from them by Rs. 49,023 British.

REGISTRATION.

Particulars regarding documents.

22. The number of documents registered, during the year under report, was 17,965 against 15,724 in the last year showing an increase of 2,241 documents. The receipts rose from Rs. 42,294 to Rs. 53,037 and the expenditure from Rs. 26,167 to Rs. 29,912. Compulsory registrations advanced from 12,224 to 14,200 and optional registrations from 3,162 to 3,354. The number of wills registered rose from 337 to 411, while, no authorities to adopt were registered. The number of impounded documents was 40 against 34 last year. 95 applications and 11 appeals were filed in the offices of the Sir Kamdars against 81 and 15, respectively, last year, in connection with the refusal of the Nondhani Kamdars to register certain documents. Registration was ordered in 54 applications, and 8 appeals and refused in 8 applications and 2 appeals. The average registration fee per document was Rs. 2-5-10 against Rs. 2-2-0 in the previous year. Two prosecutions were instituted by the officers of the Registration Department, the same number as last year. The number of registration offices remained the same as in the last year.

Registration Companies.

23. During the year under report, no new Company was registered, and four companies went into liquidation. There were in all 10 Companies carrying on business; the fees amounted to Rs. 26 as against Rs. 347 in the previous year.

JAILS AND LOCK-UPS.

General.

24. In the year under report, besides the Central Jail, there were 42 District and Subordinate Jails, and 35 Lock-ups. The Subsidiary Jail at Petlad which was opened last year as a part of the Central Jail was closed on 31st, March 1901, and a Subordinate Jail was reopened there on the 1st April. At the beginning of the year there were 1,589 prisoners in the Central and the Subsidiary Jails and 1,446 in the District and Subordinate Jails and Lock-ups. During the year, 2,020 prisoners were received in the former, and 10,154 in the latter. The total population, in the Jail, was, thus, 15,209 (14,380 males and 829 females) against 25,054 in the previous year, or lower by 9,845 owing to mitigation of the famine. The daily average strength in the Baroda Central Jail and the Subsidiary Jail at Petlad rose from 1,061 and 174 to 1,242 and 224 respectively while that of the District and Subordinate Jails and Lock-ups fell

from 1,080 to 858. During the year, 6,124 convicts were discharged from all causes against 8,913 in the preceding year, 1,855 were transferred to the Baroda Central Jail and other Jails and 91 were released under the mark-system rules. There were two escapes and the number executed was three; 144 died and the rest were released otherwise. Of the total number of under-trial prisoners (7,140) 2333 were released, 3,093 were convicted and sentenced, 1,658 were transferred to other Jails, 51 died and 5 escaped. The prisoners who escaped were re-arrested during the year. The two lunatics remaining in the Central Jail at the end of the last year and the two who were confined in the Lock-ups were handed over to their relatives during the year under report.

Of the convicts admitted into the Baroda Central and Subsidiary Jails, 1,075 were Hindoos and 91 Muhamadans, 62 of these or 5.32 per cent were juveniles or under 16 years of age. Nearly half the number was of those between 21 and 30 years of age, while the united number of those between 16 and 20 and 31 and 40 years fell a little short of it, the great propensity to crime being thus shown by those between 16 and 40 years of age. The number of convicts classed in respect of their previous occupation as agriculturists was 638, that of labourers and private servants 354, of Governments servants, traders, &c, 78 and that of persons having had no stated occupation 47 or 4.21 percent. In addition to these, there were 49 female convicts, 47 of whom were married. The agriculturists, labourers, and private servants, thus, formed the largest portion of the Jail population. Of the total number of covicts 87 were convicted of offences against the person of which 22 were murders and 3 culpable homicides, 896 were convicted of offences against property, and the convicts under miscellaneous offences numbered 183 against 111,1,616 and 249, respectively, in the preceding year. The number of re-convicted convicts, remaining at the commencement of the year, was 81; 99 more were received, during the year, making in all 180. Of these 86 were convicted once, 76 twice, and 18 more than twice. The figure of re-convicted convicts is not quite accurate as previous convictions, in all the cases, were not properly marked. The number of sentences, below one month, declined from 311 to 143 and that of sentences, above one month and not exceeding one year, from 977 to 512. There was similarly a decrease in sentences, above one year, from 622 to 490. The number of convicts sentenced to less than six months was smaller than that of the last year, but the number of those, sentenced to more than six months but not exceeding three years was larger in the Baroda Central Jail, and this accounts for the increase in the daily average of convicts. Finger impressions of 810 convicts in the Baroda Central Jail were taken during the year under review. Jail offences rose from 147 to 229, half of them being due to the entry of forbidden articles in the Jail. Of the daily average of convicts, sentenced to hard labour, 376 were employed on extramural work, 157 on factory work, 127 did menial service in the Jail, 520 were empolyed on unremuneravive labour, 98. remained without work on account of sickness or infirmity of some kind, and the rest were employed on other sorts of works. The percentage of the daily average of convicts, employed in factory work in the Central Jail, fell from 22·91 to a little more than 13 percent. This was due to reduced accommodation in the Jail for factory work owing to the increased number of prisoners. For the same reason the percentage of convicts remaining without work but employed on unremunerative labour increased from 23·32 to 33·78. The number of convict warders advanced from 11 to 13.

Prisoners specially released.

25. Those convicts, in the Jails of the State, who were agriculturists or field-labourers, and who were driven by the famine to commit theft, high-way robberies &c, were ordered to be released under certain conditions to avoid inconvenience to the field work, and in pursuance of these orders, 3 convicts from the Central Jail, one from the Subsidiary Jail, and two from the Amreli District Jail were released.

Cost and income.

26. The total charges, of the year, amounted to Rs. 2,11,913; of this Rs. 1,05,321 were incurred on account of the Baroda Central Jail, and Rs. 16,824 on account of the Subsidiary Jail at Petlad, showing an increase of Rs. 10,955 in the former, and of Rs. 14,346 in the latter, due to increase in the number of prisoners, and also to the Subsidiary Jail having remained open for 8 months against 4 months in the preceding year. Deducting the expenditure charged to other Departments, the net expenditure, on account of the Central and the Subsidiary Jails, amounted to Rs. 1,04,554. The cost incurred, on account of the District and Subordinate Jails and Lock-ups, was Rs. 89,808. Deducting from this, Rs. 23,887, on account of the Police guard for the Lock-ups, the net expenditure was Rs. 65,921 against Rs. 81,155. The decrease, of Rs. 15,234, was due to the total daily average of prisoners of all classes being lower than that of the preceding year, and also to the price of grain being lower in the current year. The total cost of maintenance per head in the Central Jail declined from Rs. 88–15–0 to Rs. 84–12–9, or by Rs. 4–2–3, per prisoner; while that in the Subsidiary Jail rose from Rs. 14–3–10 to Rs. 75–1–8 for reasons already mentioned. In the District and Subordinate Jails and Lock-ups, the average cost per head was Rs. 76–13–3 against Rs. 75–2–3, or more, by Rs. 1–11–0. per prisoner The difference in the average cost per prisoner of each class of Jails, as compared with the preceding year, showed an increase of Rs. 2–11–3 in the District Jails (Rs. 81–10–8 against Rs. 78–15–5), and of Rs. 7–13–2 in the Subordinate Jails (Rs. 87 against Rs. 79–2–10), and a decrease of Rs. 3–3–10 in the Lock-ups (Rs. 65–10–6 against Rs. 68–14–4). The total earnings of convict labour, inclusive of the value of intramural work, amounted to Rs. 44,111. Of this Rs. 37,699 were earned in the Central Jail and Rs. 1,175 in the Subsidiary Jail against Rs. 22,965 in the previous year, and Rs. 5,116 (net Rs. 3,806) against Rs. 4, 330 in the District and Subordinate Jails. The large increase of Rs. 15,147 in the Central Jail was due to a large number of prisoners employed, throughout the year, in filling up the Bhimnath Tank. The earnings of the Jail Factory, however, showed a decrease from Rs. 11,376 to Rs. 9,398 *i. e.* of Rs. 1,978 owing to the overcrowding in the Jail and the consequent necessity of converting some of the factory rooms into convict cells. The average earning of each convict in the Central Jail was Rs. 31-12-1 against Rs. 22-15-5 and that in Subsidiary Jail Rs. 5-7-10 against Rs. 2-11-5, the increase being mostly under extramural labour as already noticed.

Mortality and sickness.

27. There were in all 195 deaths against 126 in the previous year; of these 56 deaths occurred in the Central Jail; 8 in the Subsidiary Jail, 72 in the District and Subordinate Jails and 59 in the Lock-ups. 144 deaths occurred among convicts, and 51 among under-trial prisoners The increase in the number of casualties was due, in the Central Jail, partly to overcrowding, on account of the increase in the daily average of attendance of all classes, and partly to the feeble condition

of the famine stricken prisoners. The prevalence of cholera and fever in the Districts also contributed to greater mortality in the District and Subordinate Jails and Lock-ups. The percentage of mortality rose in the Central Jail from 2.85 to 4.13 and in the Subsidiary Jail from 1.97 to 3.74, while that in the District and Subordinate Jails and Lock-ups advanced from 8.52 to 15.26. About $\frac{2}{3}$ of the number of deaths were due to pneumonia, diarrhoea, while fever and cholera claimed 7 deaths in the District Jails. The mortality was greater in the first half of the year, on account of its being unhealthy owing to the malarial climate, and also due to causes already mentioned. The number of prisoners in the Central and Subsidiary Jails admitted into hospitals rose from 1,381 to 1,662. Eight prisoners in the Central Jail were attacked with small-pox but were all cured. It was not known whence and how the disease was introduced since the first case was that of a prisoner some considerable time in the Jail.

Committee to suggest reforms.

28. A committee consisting of Drs. M. M. Gimi and S. F. Gazadhar was appointed to suggest reforms, to be introduced in the Central Jail. The report of the committee has not yet been presented.

Control of District Jails.

29. At the close of the year, the charge of the District Jails was made over to the Civil Surgeons of the respective Districts in pursuance of Huzur Order No: 106 dated 18th June 1901.

POLICE.

Supervision.

30. During the latter half of the year under review, the control of the Police Department was transferred to the Senapati in addition to his own duties and an Assistant Police Commissioner was appointed to assist him in his Police work.

General.

31. The actual strength of the Police force, excluding non-effectives and vacancies, was 4,362 against 4,365 in preceding year. In addition to this, temporary extra Police were enrolled, owing to the prevalence of plague and famine, the total strength, thus, employed being 311. One hundred and nine Sowars belonging to the Military Department and placed at the disposal of the Police Department, during the preceding year, on account of the famine, were also utilized during the year under report. Out of the total sanctioned strength of the Police (4,887), 3,704 or 79·01 were engaged in regular Police duty and the rest in Tainat and other duties. The proportion of Policemen employed on regular Police duty to area was 1 to 2·22 square miles and the proportion to population was 1 to 652. The percentage of men able to read and write fell by 1·16 being 44·34 as against 45·50. 2,117 Policemen were punished departmently and 10 judicially, during the year, against 1,595 in the previous year. Seven hundred fifteen officers and men were promoted and 10 received money rewards as against 570 and 15 respectively.

Dress and Chunda Funds.

32. Deductions towards the Dress Fund were under abeyance, during the year under review. The balance was Rs. 2,27,972 against Rs. 2,23,336. The balance, on account ot the Chunda Fund, was Rs. 51,254 as against Rs. 48,819 in the preceding year.

33. Out of the total sanctioned amount (Rs. 8,44,025) the expenditure actually incurred under the several heads of charges amounted to Rs. 6,74,170 as against Rs. 7,66,744 in the previous year. Expenditure.

34. There was a general decrease in all the *Prants* in the number of offences reported which declined from 9,252 to 5,597. The bulk of the offences were against property (83 percent), those against person and the miscellaneous, forming 6·5 and 10·5 per cent respectively. The number of murders declined in all the *Prants* (from 54 to 38) except Navsari where it advanced from 2 to 4. Culpable homicides fell by nearly one half (from 82 to 44), while under the head of " Grievous hurt " there was a decrease of 48 in Baroda, Kadi and Amreli Divisions, Navsari Division, however, showed an increase of 5, but this was more apparent than real as the five cases were ordered to be struck off as false. Again in the number of offences against property, there was a marked falling off in all the *Prants*, thefts having declined from 4,945 to 2,653, thefts with housebreaking from 1,762 to 1,021, robberies and dacoities from 348 to 175 but receiving stolen property, breach of trust and mischief cases rose from 325 to 379. Of the total number of cognizable offences 3,995 were committed for trial by the Police, the number ending in a conviction being 2,559. The number of cases excluded as false was 1,355. The percentage of convictions to committals (78·19 per cent of the total number of offences) fell from 82·23 to 74·41 while that of acquittals rose from 17·77 to 25·59. The higher percentage of convictions in the preceding year was due to the greater number of petty offences owing to Famine. The percentage of undetected cases rose from 13·49 to 15·64. The total number of persons arrested by the Police in connection with cognizable cases was 7,460, of which 92·01 were committed for trial. Of the latter 68·69 per cent were convicted as against 73·64 in the preceding year. The percentage of persons convicted to those arrested was 53·90 as against 61·66 last year. The value of property reported to be stolen was Rs. 3,09,014 as against Rs. 3,06,781, out of which property of the value of Rs. 1,50,555 was recovered as against Rs. 2,27,319 in the previous year. The percentage of property recovered to property stolen thus declined from 74·10 to 61·29 and similarly the percentage of cases in which property was recovered fell from 80·47 to 76·71. The total number of undetected old cases upto the end of the year was 6,639 in all the *Prants*. In 813 of these the inquiry was ordered to be closed, leaving a balance of 5,826. No highway robbery by mounted bands of marauders or mail robbery took place during the year under review. Offences.

35. Cordial assistance was rendered to Foreign Police in 187 cases. Assistance to Foreign Police.

EXTRADITION.

36. During the year under report the Baroda Government made extradition demands in 170 cases as against 236 last year, and received similar demands in 123 cases from British Districts and Native States as against 183 cases last year. Demands by and on Baroda.

37. During the same period, 558 persons were surrendered to Baroda in 182 cases, while Baroda surrendered 266 persons in 177 cases. Surrenders to and by Baroda.

Extradition trials.

38. During the year, out of the 654 extradited persons in 207 cases (including those who had remained untried at the end of the last year) for trial, 438 persons were convicted and 186 acquitted, and 30 persons remained to be tried in 6 cases at the close of the year,

Capital punishment.

39. One person surrendered by the District Magistrate, Kaira, on a demand made during 1899-1900 on a charge of murder, was sentenced to death.

Life imprisonment.

40. One person surrendered by the Presidency Magistrate, Bombay, on a demand made during 1899-1900 on a charge of murder, was sentenced to life imprisonment, and another person surrendered by the District Magistrate, Ahmedabad, on a demand made during the year on a charge of murder was also sentenced to life imprisonment.

Extradition expenses.

41. Payment on account of extradition expenses made by His Highness' Government, during the year under report, to British Districts and Native States amounted to Rs. 3,170 while the recoveries effected by His Highness' Government on similar accounts from the said Districts and Native States during the same period amounted to Rs. 3,735.

MILITARY DEPARTMENT.

Strength of the Army.

42. The total actual strength of the Army including Senapati, General, and Staff Officers, consisted of 4,665 Regular force and 3,806 Irregular force against 4,582 and 3,806 respectively last year, the total fixed strength being 5,084 Regular forces and 3,806 Irregular forces. In the Regular forces the strength of the Artillery stood at 115, while that of the Cavalry and Infantry was respectively 1,364, and 3,069. The Irregular force consisted of 2,000 mounted effectives and 1,806 foot. There was an increase of 83 men in the Regular force in the year while the number of the Irregular force was stationary.

Expenditure.

43. The total cost of maintaining the whole force, Regular and Irregular, came to Rs. 28,91,666 as against Rs. 28,77,064 in the last year. The cost on account of the Regular force amounted to Rs. 14,58,367 as against Rs. 14,30,177 showing an increase of Rs. 28,190 due to the purchase of remounts, dead-stock, &c., and to the filling up of vacancies. The cost of the Irregular force was less by Rs. 13,588 in the year; the cost in the last year being 14,46,887 as against Rs. 14,33,299 during the current year. Taking the whole Regular force together the average cost per effective Regular Soldier was Rs. 331 as against Rs. 332 and per Irregular Soldier Rs. 377 as against Rs. 380 last year. Besides the above expenditure a sum of Rs, 3,45,616 was debited to the Military Department on account of the annual commutation money paid to the British Government for disbandment of the contingent force.

Regimental Schools.

44. One hundred and thirteen regimental children attended the regimental schools against 147 last year.

PUBLIC WORKS DEPARTMENT.

General.

45. The tension of the Famine Relief works having lessened, officers from other Departments who were deputed on Famine duty to the P. W. Department were sent back to their respective Departments. Similarly some servants of the

Military Department who were trained in the Engineering class specially opened for them and deputed to the several Divisions for the supervision of payments to the labourers of the Famine works, reverted to their own Department as the works came to a close. The special Divisions for Railway works in the Kadi and the Baroda Divisions, and the special Project works Division in the Amreli District, were incorporated with the permanent Executive Divisions, the separate Executive Division formed for the Kadarpur and other Irrigation works in the Kadi District, being separately continued. Out of the six new Licenciates of civil Engineering employed in the previous year in connection with the preparation of the Irrigation Projects and supervision of Famine works the services of five were continued.

Mr. J. E. Whiting.

46. Mr. J. E. Whiting M. I. C. E., Consulting Engineer for Irrigation, visited, (1) the site of the Orsang river Irrigation Project near the village of Jojwa in Sankheda Taluka, Baroda Division, (2) the sites of the Dhamel Tank Project, Pichri Reservoir Project in Kodinar and Amreli Talukas, Amreli Division, (3) the sites for the project of Jankhari and Purna Rivers in the Navsari Division, to inspect the sites of the proposed Irrigational Projects and to report upon them.

Relief of the Executive Engineers

47. Among improvement measures the Relief of the Executive Engineers for Administrative duties, sanctioned for a year, subject to a joint report by the Chief Engineer and the Accountant General, was ordered to be continued for a year more.

Taluka scheme.

48. An extension for a year's further trial was granted in connection with the Taluka Scheme referred to in last year's report. Owing to the continuance of Famine the Officers of the Public Works Department were not able to take up the compensation work in connection with the selection and acquisition of sites and the whole of the work was done by the Revenue Department, as before.

Public works Regulations.

49. The third volume of the "Public Works Regulations" was issued during the year under report, and the fourth volume was in Press.

Expenditure.

50. The total expenditure of the Public Works Department during the year under report rose from Rs. 30,88,772 to Rs. 34,13,079, of which Rs. 28,032 was spent on Military Works, Rs. 11,38,865 on Civil works, Rs. 17,140 on Ordinary irrigation, Rs. 21,48,689 on Famine Relief Works, including Rs. 2,15,646 expended on Kadarpur Irrigation. The balance (Rs. 80,083) was spent on the works pertaining to the Revenue and Military Departments. Of the whole amount the actual outlay on works and repairs was Rs. 9,65,741 while Rs. 2,16,444 was spent on account of establishment and tools and plant. Taking Civil works only the expenditure on new works was Rs. 6,18,720 and on repairs Rs. 3,18,719. Considered according to Divisions the expenditure incurred under the Baroda Division including the City and Garden Divisions, amounted to Rs. 15,35,780, that under Navsari Division to Rs. 2,66,090, that under the Amreli Division to Rs. 11,23,623 and that under the Kadi Division, including Kadarpur irrigation, to Rs. 4,87,577 Besides the total expenditure shown above the sum expended on contribution works, executed on behalf of the Khangi Department, amounted to Rs. 4,14,161. The percentage of the cost of the establishment to the outlay on ordinary public works only, was 17 percent as compared with 16·83 per cent in 1899-1900,

and with 10·25 per cent in 1898-1899. If expenditure on account of Famine Works were added to the expenditure on ordinary works, the percentage would fall to 6, and to 5, if the expenditure on the contribution works were also included.

Original works.

51. The principal original works that were completed or were in progress may be divided into, Railways, Irrigation, Water-Works, Drainage, Tanks and Wells, Communications or Roads, Buildings, &c., and Miscellaneous works.

Railwdys.

52. The earthwork of the following Railways was undertaken as Famine Relief Work during last year and satisfactory progress was made:—

In the Baroda Division.

1. Baroda Godhra Chord Railway.
2. Miyagam Sinore Railway.
3. Padra Ranu Railway.

In the Kadi Division.

1. Kalol Vijapur Railway.
2. Kadi Kalol Railway.
3. Manud Chansama Railway.

Irrigation.

53. *Baroda Division.*—The Irrigation Tank at Karachia was completed during the year under report. The Irrigation Tanks at Haripura, Khokra and Lachraj were started last year and were approaching completion. The Irrigation Tank at Dabka was commenced during the year under report. In connection with the Orsang Irrigation work at Jojwa, the masonry dam with scouring sluices was already completed and the work of excavating the Canal was in progress.

Kadi Division Kadarpur Reservoir Project —In connection with this project the underground puddle work was completed throughout. The puddle work above the natural ground and the embankment work were in progress. The waste channel was nearly finished. The foundations of the waste-weir and scouring culvert were excavated.

Work in connection with the submerged weirs across the Saraswati river at Anawada was in progress. Similarly the work in connection with Dharusan impounding Tank and the Canal in Mehsana Taluka was in progress.

Amreli Division. During the year under report the Dam at Kachardi village, the Bund of the Keri river, the Bund at Makanpur, and the Waste-weir at Damnagar, were undertaken. The work of the Thebi river irrigational canal was in progress.

Water works.

54. By advice of the Drainage Specialist, Mr. Santo Crimp, finer sand, than was formerly used, was adopted in the filter beds at Nimetha, to improve the water, and since this was done some improvement in the quality of water has been noticed.

Vishwamitri Feeder channel. During the year under report the remaining portion of the Feeder channel, nearly 3½ miles in length, was excavated and

the sites were properly trimmed. The excavation of that portion of the channel carried out as a Famine Relief Work, was finished to the required depth and the sites were trimmed.

Drainage.

55. *City Drainage.* The work done during the year under report was a portion of the masonry sewer. The total length of the sewer constructed during the year was 2240 Rg. ft.

The excavation of a drainage channel on the east side of the Makarpura Palace compound was completed.

An outlet for the Sursagar Tank was constructed to remove the animal impurities which caused a stench and nuisance to the surrounding locality in the cold season every year.

Kadi Division. The drainage channel from Balisna to Keshni in Pattan Taluka was half finished.

BarodaDivision. The Karamsad Drain in Petlad was finally completed.

Amreli Division The drain from west to east of Damnagar was undertaken.

Tanks and Wells.

56. The number of Tank and Well works undertaken during the year under report in different Divisions, to find relief for famine-stricken people was as under:—

Baroda Division 7 Tanks.

Kadi Division 13 Tanks.

Navsari Division 94 Wells.

Amreli Division 17 Tanks.

Communications or roads.

57. *Baroda City Division.* Some portion of the earth-work of the road from the Jail to Akota was washed away by the rains. The road was repaired.

Baroda Division. The metalling of the Padra Road from the Baroda Railway Station to 3rd mile was completed.

Kadi Division, The Pacca road from Manud Railway Station to the village of Ranuj was nearly completed. The widening of the Vadnagar Station Road was nearly completed. The earth-work of the road from Vadnagar Gate to Pindharia at Visnagar was undertaken and completed.

Navsari Division. The low level cause-way across the river Vengania in Gandevi Taluka. The work was commenced last year but was stopped on account of the Monsoon. It was recommenced in the fair season. The bridge is intended to be used during the fair season and in rains when there is no flood in the river. The bridge is so constructed as to hold a fresh supply of water in the river. There are six openings each 3′ × 6′ with wooden shutters to impound fresh water and to keep the tide water only in the down stream side. The work was completed during the year under report.

A 4-2 ft. span bridge in place of 2-20 ft. on Sayan Kathore road was commenced last year and completed during the year under report.

Amreli Division. The construction of the following roads was undertaken during the year under report.

The road from Samasi to Ghatwad.

The road from Kodinar to Pichri.

The road from Dhari to Ingorala.

The Challala Ingorala road.

The road from Kodinar to Velan.

The Kodinar Dholasa road.

The Gavadka Challala road.

The road from Amreli to Koondala.

The Widening of the Amreli Chital road.

The Vervala Hamusar road.

The road from Dhola to Mulwasar.

The road from Dhari to Challala was completed during the year under report.

The work of putting the Amreli Chital road in thorough repairs was in progress.

Length of roads constructed during the year in the Baroda territory.

58. Metalled and fair weather roads about 274½ miles in length were constructed or in progress during the year.

Buildings.

59. *Baroda City Division*—Permanent out-houses in the compound of the Sayajee Rao Military Ward were almost completed.

In connection with the Record Building at Baroda, the work of sprinklers all over the building was entrusted to Messrs. Mc. Beth Brothers and Co, of Bombay, who completed the work at the close of the year.

Kadi Division. Public Offices at Mehsana.—The work done during the year under report was plastering and pointing of the first floor, masonry and arch work of the second floor, stone work of marble stair-case, and two wooden stair cases on the ground floor and giving the final dressing to and cementing the floor.

Amreli Division. The Anglo-Vernacular School at Amreli and a Cook-room for the new Public Offices were completed during the year under report.

Miscellaneous.

60. *Baroda City.* The new market at Baroda was in progress.

Amreli Division. A storm signal post was erected at Dwarka during the year under report and additions and alterations were made to the Light House to suit the new light ordered from England.

Soundings and levels of the Velan Bunder were undertaken during the year under report, and the work of the Gomti Creek was completed.

State Gardens.

61. The Public Park, Laxmi Vilas Garden, Makarpura Garden, Umrath Garden, Nazar Bag Palace Garden, and the Woodstock Garden at Ootacamund were looked after by the Garden Superintendent.

62. The work of manufacturing bricks was given by contract and the bricks thus manufactured during the year under report for Government works were 8,13,305 in number. Brick kiln.

MUNICIPALITIES.

63. The total expenditure on account of the Baroda City Municipality excluding that incurred in connection with the Famine Operations, amounted to Rs. 3,28,348 against Rs. 2,72,479 Babashai in the previous year, the increase of Rs. 55,868 during the year under review being mainly due to increased expenditure under the head of " Public Works ". There was a saving of Rs. 5,203 in expenditure on account of " General establishment " owing to the posts of the Sudhrai Kamdar and his Assistant having been filled with Officers drawing acting allowances during the whole year. The item which contributed largely to augment the expenditure was the construction of " New roads " and " Repairs to old ones ", the increase under the former head amounting to Rs. 42,197 and that under the latter to Rs. 26,949 the total expenditure being Rs. 1,25,803. The increase was due to the purchase of properties to open up and improve streets, and to remove corners and projections on them. In all, about 49·40 miles of existing made roads and 27·01 miles of Kachha roads were kept in order. Under the item of " Repairs to wells and tanks " there was an increase of Rs. 1,989. " New Buildings " showed an increase of Rs. 1,794 while there was a decrease of Rs. 3,429 in the item of " Repairs to Buildings ". Under the head of " Conservancy" there was a decrease of Rs, 7,544, Rs. 84,477 having been expended as against Rs. 92,021 Babashai in the previous year. The decrease was due to the extension of the gutter near Raopura Zapa and also to less work done in removing filthy water. The saving of Rs. 6,009 under the head of watering was due to the use of well instead of Sayaji Sarowar water and also to the roads having been watered for about 9 months as against 11 months last year. The fluctuation in the expenditure under the items " Lighting," " Fire Brigade Establishment " "Planting of road-side trees" and "Miscellaneous" was small. The expenditure on "Dead and live stock" increased by Rs. 5,726 owing to the purchase of Sewage destroyer Machines invented and patented by Rao Bahadur Khasherao Jadhav. These machines were attached to public latrines in Kalupura and were under trial by a Committee. The expenditure on account of "Famine Works" fell from Rs. 40,176 to Rs. 19,090 Babashai owing to the fact that no necessity for opening Relief Works in the City was felt during the year under review. Out of this amount Rs. 17,940 formed the cost of prison labour employed in filling up the Bhimnath hollow. Baroda City Municipality expenditure.

64. The revenue of the City Municipality derived from fees levied for granting permission to erect houses, privies &c and from the sale of the lands and other minor sources, increased from Rs. 12,113 to Rs. 13,147. The collection on account of the cess on the house to house conservancy system also improved during the year under review having advanced from Rs. 18,808 to Rs. 27,642. Receipts.

65. The number of fires within the City Municipal limits remained the same as in the previous year, while the extent of damage caused to property fell from Rs. 39,186 to Rs. 16,490. Fires.

DISTRICT MUNICIPALITIES.

Number of District Municipalities.

66. The number of District Municipal towns in the State remained the same as in the previous year viz; 34, 10 in Baroda, 12 in Kadi, and 6 each in Navsari and Amreli.

Management.

67. The management of the Municipal towns is vested in a general body and a working committee, both presided over by the Wahivatdar or Mahalkari, within whose jurisdiction the particular Municipality lies. The working committee of the Wadnagar Municipality is presided over by the local Hospital Assistant, and that of the Navsari Municipality by the Navsari Personal Naib-Subha.

The expenditure incurred on account of the Municipalities is devoted mainly to ensure the cleanliness and sanitation of the towns.

Income.

68. The annual sanctioned grants amounted during the year under report to Rs. 89,658 as against Rs. 1,22,242 in the preceding year. The decrease was due to the reduced grants on account of the large expenditure on Famine Relief Operations last year. The special grants for the suppression of plague in the Navsari Division &c., amounted to Rs. 1,348 as against 1,177 last year.

The revenue derived by the Municipalities amounted to Rs. 31,691 during the year under report as against Rs. 34,734 in the previous year, the decrease being chiefly due to the abolition of the tax on new doors and windows in the Kadi and Amreli Divisions, to reduced income from tolls in Gandevi and Billimora in the Navsari Division and to the reduction of the privy-tax in Gandevi.

Expenditure.

69. The expenditure during the year under report amounted to Rs. 1,03,458 against Rs. 1,33, 078 in 1899-1900. The decrease was caused by the reduction of Government grants owing to the crippled resources of the State.

RAILWAYS.

Length of the Railways.

70. The total length of the Railways belonging to the Baroda State, open for traffic up to the end of the calender year 1900 was 184·78 miles.

Dabhoi Railway.

71. The total capital outlay on the Dabhoi Railway amounted to Rs. 21,17,528 upto the 31st December 1900, or Rs. 26,872 per mile. The gross earnings came to Rs. 2,35,281 while the working expenses were Rs 1,73,675, leaving Rs. 61,606 as net earnings; the percentage of net earnings on the total capital outlay, including suspense accounts, being 2·91. The gross earnings showed a decrease of Rs. 10,693 and the working expenses an increrse of Rs. 15,272 chiefly due to heavier repairs and renewals to permanent way and rolling stock. The Dabhoi Railway carried 3,71,139 passengers and 67,541 tons of goods during the year under report, as against 3,48,180 passengers and 71,379 tons of goods in the previous year. The decrease in 1900 in traffic was chiefly in cotton (raw), oilseeds, and provisions.

Mehsana Railway.

72. The total capital outlay on the Mehsana Railway amounted to Rs. 33,01,950. The gross earnings came to Rs. 4,28,545 and the working expenses to Rs. 1,91,791 leaving Rs. 2,36,754 as net earnings. The percentage of

net earnings on the total capital outlay came to 7·17. The gross earnings showed an increase of Rs. 52,385 due to the increased tonnage of goods carried, while the working expenses showed a decrease of Rs. 32,284. The Mehsana Railway carried 6,32,724 passengers and 1,71,104 tons of goods as against 6,38,319 passengers and 1,39,936 tons of goods last year.

Petlad Railway.

73. The total capital outlay on the Petlad Railway amounted to Rs. 7,52,097. The gross earnings amounted to Rs. 88,481 while the working expenses were Rs. 46,768 leaving Rs. 41,713 as net earnings. The percentage of net earnings on the total capital outlay, including suspense accounts, was 5·55. The gross earnings showed an increase of Rs. 17,814, due to the increased trade in passengers and goods in general, while there was a decrease of Rs. 15,413 under working expenses. The Petlad Railway carried 2,17,259 passengers and 39,901 tons of goods as against 1,69,820 passengers and 26,620 tons of goods last year.

Vijapur-Kalol-Kadi Railway.

74. The outlay on the construction of the Vijapur-Kalol-Kadi Railway to the 31st December 1900 amounted to Rs 35,444.

ENGLISH AND ANGLO-VERNACULAR EDUCATION.

General.

75. The English and Anglo-Vernacular Educational Institutions consisted of the Baroda College, three High Schools, and four Grant-in-aid schools, fourteen Anglo-Vernacular Schools, and their number was the same as in the previous year, *viz.* 22. The number of Professors and Teachers engaged in them rose from 181 to 184. The number of students on the rolls fell from 3,152 to 3,142. The increase in numbers was marked in the City Institutions except in the College where there was a fall of 20 in the number on the rolls while that on the rolls of the District Schools showed a decrease by 44, which was due to Famine and its consequences, and also, to some extent, to an increase of fees.

Expenditure and receipts.

76. The total cost to the State amounted to Rs. 1,69,637 as against Rs. 1,54,882 in 1899-1900 and Rs. 1,63,049 in the year 1898-99. Of this amount Rs. 72,992 was on account of the cost of the College including that of Direction, Rs. 29,449 on account of the Baroda High School, Rs. 6,815 on account of the Baroda Branch School, Rs. 53,463 on account of District High and Anglo-Vernacular Schools, and Rs. 6,920 on account of Grant-in-aid Schools. The fee receipts &c., fell by nearly Rs. 2000 being Rs. 32,616 against Rs. 34,686 in the previous year. The apparent decrease was due to the *Watav* of the amount of fees received in British currency and also to the reduced number of students in some of the District Schools.

Examinations.

77. One candidate passed the M. A. Examination while the number of B. A.'s rose from 18 to 22. Of the College students, 29 were successful in the Intermediate Arts Examination, 36 in the Previous, one in the Intermediate Science and 12 in the First L.L. B. Examination as against 20, 43, 1, and 12, respectively in the previous year. There was one Science Graduate last year, while there was none in the year under review. Of the College students who passed University Examinations in the year 1900, 27 joined the Junior B. A. Class, 34 the Intermediate Class, and one the B. Sc. Class, while 30 students from the several High Schools joined the Previous Class. Of the candidates who ap-

peared for the Matriculation Examination, 49 were successful as against 59 in the previous year. The number of successful candidates rose by 8 in the Baroda High School, while the number has sunk from 10, 7, and 15 to 2, 5, and 7 respectively in the Pattan and Ghandevi High Schools, and Navsari Zarthosthi Madressa. From the Amreli School one candidate was successful, as in the preceding year. The number of successful candidates in the School Final Examination fell from 8 to 7, the Ghandevi High School showing an increase of 2 over that of the previous year, and the Baroda High School a smallar decrease. 21 candidates passed the First Grade Drawing Examination held by the Sir Jemshetji Jeejibhai's School of Art, Bombay as compared with 27 in the previous year and 3 against 1 in the 2nd Grade.

VERNACULAR-EDUCATION.

Primary Education, General.

78. The total number of primary schools advanced from 1,159 to 1,188 and the attendance from 81,582 to 83,016. Thirty-three village schools were opened and 4 Grant-in-aid schools were closed, the net gain for the year being 29 schools with 1,434 pupils. The increase was in the boys' schools, while the number of schools for girls remained the same as in the previous year, namely 97. Of the total number of pupils 68,589 were boys and 14,427 were girls as against 66,440 and 15,142 respectively in the preceding year, the percentage of boys and girls under instruction to the total number of boys and girls of school-going-age being 42.9 and 9.7 as against 36 and 8.7 respectively in the previous year. Nearly three-fourths of the total number of pupils on the rolls attended the regular Government schools, while the rest viz. 5,524 attended the other schools. The increase both in the number of schools, and in the number of students attending them was marked in the Kadi and Baroda Divisions while there was a slight decrease in the Navsari and Amreli Divisions.

Female Education.

79. The number of girls attending the Girls' Schools (excluding the Female Training College) fell from 9,779 to 8,897 while that of the girls attending Mixed Schools rose from 5,363 to 5,530. There were besides six Zenana Classes attached to the leading Girls' schools, the number of students attending such classes being 133, as against 178 in the previous year.

Female Training College.

80. In the Female Training College the number of students under training also fell from 28 to 25. The total expenditure of the College fell from Rs. 10,314 in the previous year to Rs. 4,011 during the year under review, the decrease being mainly due to the post of the Lady Superintendent remaining vacant for the whole year. Political Economy was taught in the College as an extra subject in accordance with the Huzur Order.

Education of depressed classes.

81. The depressed classes, such as the forest tribes, Bhills, Kolies, and the Antyajas, continued to receive the same generous treatment in the matter of the education of their children as in previous years. The number of children of Kolies, &c. receiving education rose from 9,496 to 10,939 while there was a marked fall from 2,101 to 1,636 in the number of Antyaja children, although the number of schools for them remained the same. There were four Boarding Houses for Dhanka children, three for boys and one for girls, in which boarding and education were given free. The number of boarders in them was 285 boys and 50 girls as against 293 and 50 respectively in the previous year. The

expenditure on account of these houses fell from Rs. 27,868 to Rs. 21,842 in the year under review. Advantage was taken by the boys, to a fair degree, of the agricultural farm and of the carpentry class attachad to the Songhad Boarding School.

Compulsory Education.

82. In addition to 18 ordinary schools, the number of special schools available for the education of the children of the prescribed ages in the tract in which the system of compulsory education was in force, was 71 including one school opened in an Inam village during the year under review. The total number of children attending these schools was 5,876 as against 5,936 in the previous year. Instruction in these schools is imparted free of cost and the attendance of the students is enforced by means of fines from the guardians of defaulting children. Such fines during the year amounted to Rs. 989 of which Rs. 464 was recovered as against Rs. 227 in the previous year.

Village School.

83. The increase both in the number of schools and the number of pupils attending thereat was most noteworthy in the village schools. The number of schools rose from 503 to 536 and the number of pupils from 13,900 to 15,902. The rise in the number of pupils was thus 2,002 or 14 percent as compared with that of the previous year.

KALA-BHAVAN.

General.

84. The number of pupils on the rolls of the different schools in the Bhavan showed a satisfactory increase, from 133 to 175 during the year under review, but the daily average attendance fell from 86 to 68·5 per cent. The guardians of the majority of these students were Government or private servants, the artisan class being represented by a small minority. The total expenditure for all the schools, excluding the Work-Shops, amounted to Rs. 33, 754 in mixed currency as against Rs. 69,911 Babashai, in the previous year, showing a decrease of Rs. 36,156. The decrease was principally due, to special expenditure incurred in the previous year to purchase new machinery for the Work-Shops. In the three Districts Industrial Schools, the number of students stood at 83 as against 110 in the previous year, the expenditure incurred on their account amounting to Rs. 3,652, in mixed currency as against Rs. 4,035 Babashai. One student from the Mechanical school in the Kala-Bhavan, appeared for examination under the Bombay Boiler Inspection Act and succeeded in obtaining a certificate. Last year three students appeared for the examination and two of them were successful.

Experiments.

85. A number of experiments was made in the manufacture of different kinds of matches, in the bleaching of cocoa-fibres used for making brushes, and in the preparation of phosphorus from bone, soda carbonate from common salt, oxalic acid from saw-dust, &c. Several improvements were also effected in the Weaving Department and both theoretical and practical instruction was imparted to students to enable them to start home industries and to fit them for work in Spinning and Weaving Mills. Mr. M. C. Desai, Principal of the Kala-Bhavan, who was deputed to see the Paris Exhibition, returned on the 1st October 1900, after an absence of three months. He introduced the Industry of making brushes in the Bhavan, and also that of Galicha making, in which the wastage of yarn is utilized. Experiments were also made in making nibs and buttons.

Bombay School of Art Examination.

86. At the Examination of the Sir Jamshetjee Jijeebhai School of Art, Bombay, 59 students in all, presented themselves for examination and 15 were successful as against 54 and 26 respectively in the previous year.

Encouragement to authors, &c.

87. A large number of books was received for patronage and encouragement to authors and the total cost of copies purchased amounted to Rs. 2,878 as against Rs. 1,695 in the previous year. A sum of Rs. 3,613 was also spent on account of the translation in to the vernacular of works in Sanskrit and English.

Inspection.

88. During the year under review, the Vidyadhikari visited 145 schools. The Inspectors and Deputy Inspectors examined 1,159 schools and 56,446 pupils, and inspected 799 schools. Eleven schools and institutions and 366 pupils were examined by specially appointed Committees.

Visits.

89. In the months of January and February 1901, His Highness the Maha Rajah Saheb was pleased to pay visits to (1) The Kala-Bhavan, (2) Marathi Zenana School No. 1, (3) The Female Training College, (4) The Baroda Antyaja Schools, and (5) Sinore Vernacular School. Mr. Cotton also visited, in February, the Baroda College and High School and many of the Vernacular Schools both in the City and Baroda District. He appeared on the whole to be favourably impressed with the system of education obtaining in the State, and particularly with the special attention given to the instruction of low castes, and the introduction of Compulsory School attendance in Amreli Taluka. He also recorded his opinion to the effect that Female education in the State was more advanced than in any other part of India. Mr. John Wallace of Bombay, who took much interest in Technical Education paid, in November 1900, a visit to the Kala-Bhavan and the Work-Shops attached to it.

Postal Work.

90. The number of schools in which the school masters were entrusted with Postal work advanced from 45 to 55 during the year under review.

Expenditure and Income.

91. The expenditure of the Vernacular Educational Department, including the Kala-Bhavan, amounted to Rs, 5,36,380 in mixed currency as against Rs, 6,45,521 Babashai in the previous year. In addition to this a sum of Rs. 38,237 in mixed currency, was expended from the budget of the Revenue Department on Village Schools as against Rs. 52,535 Babashai. The total expenditure on Vernacular Education thus amounted to Rs. 5,74,617 in mixed currency as against Rs. 6,98,056 Babashai. The income derived from School fees amounted to Rs. 36,119 and the miscellaneous receipts from the Work-Shops attached to the Kala-Bhavan amounted to Rs. 6,498 in mixed currency, as against Rs. 40,081 and Rs, 9,717 Babashai respectively, in the previous year. The total income thus amounted to Rs. 42,617 in mixed currency as against Rs. 49,798 Babashai last year.

Free Students.

92. The total number of children taught free of cost, was 34,959 or 42·1 percent of the total number, as against 42·2 in the previous year.

MUSEUM.

General.

93. The Museum continued in the sole charge of the Director, the Museum Consultative Committee being as usual consulted in important matters. Typical specimens of Continental Art, mostly French and Italian, in different materials, were purchased for the Musuem by Signor A. Felici from the Paris

Exhibition. These specimens are claculated to give the Natives of India a good idea of the state of advancement and progress which various branches of Art have made on the continent of Europe. The collection made, have given entire satisfaction and the articles are much admired by visitors. A fairly good addition was made to the Science Gallery by a representative collection of Aethiopian Fauna, and a very interesting series of symbological wax models was received from Frieburg. The Science Galleries are proving both attractive and instructive to the students of Natural Science.

Visitors.

94. The number of persons who visited the Museum during the year under report was 2,16,579 as against 2 24,018 in the preceding year, giving a daily average of 593 as against 613.

Expenditure.

95. The expenditure on account of the Museum fell from Rs. 33,694 to Rs. 20,072 during the year under report.

DEPARTMENT OF AGRICULTURE.

Agricultural education.

96. In April 1900 the Agricultural school at Baroda was transferred to the Educational Department. At the commencement of the year there was only one class of ten students; another class was added in the month of November, and it was joined by seven Assistant Masters and others. The course of instruction in the Agricultural school was settled by the Educational Department after consultation with the Khetiwadi Kamdar. In order to impart instruction in subjects useful for the Revenue Department, a post of the value of Rs. 40 was created, and a man from the Revenue Department was employed to do the work. Eight scholarships of Rs. 6 each for the Assistant Masters of the Educational Department and scholarships of the total value of Rs. 25 for other students were sanctioned in connection with the school. The total expenditure incurred amounted to Rs. 2,565 during the year under report.

Songhad Dhanka School.

97. The total number of boys in the school was 87. The results of the school gave a percentage of 63·8 of successful boys against a percentage of 81·2 in the previous year. The decrease was due to the boys being unable to attend the school regularly as they were wanted by their parents for field work during the year under report.

Songhad Farm.

98. The rain-fall at the Songad farm was 57·57 inches in the current year. Though the rain-fall was copious it was not quite seasonable. The crops grown during the rainy season were Jowar, Cotton, and Rice, which were not good, owing to the absence of rainfall at the end of the season. Garden crops such as European and Indian vegetables were also grown on the farm and were all successful. During the year under report, a teacher was appointed to impart a theoretical knowledge of agriculture to the Songad Boarding School students. The receipts of the farm were Rs. 1,448 and the expenditure Rs. 1,160, showing a net profit of Rs. 228.

The Baroda Farm.

99. Owing to the late arrival and insufficient quantity of rain the wet crops such as rice did not grow well in the farm. Experiments in sugar-cane planting and tobacco curing were tried with some success. Similarly, Bajri sowing in driblets was attempted. The financial results of the working of the farm showed a loss of Rs. 1,763, the receipts amounting to Rs. 8,211 and the expenditure to

Rs. 9,974. The establishment and contingent charges amounted to Rs. 2,087 and to Rs. 171 respectively.

Manual Ploughs.

100. Manual ploughs were exhibited at all principal agricultural stations and a show was held at the farm. A large number of ploughs were made and distributed *gratis* throughout the State; and students from the Agricultural school were sent to demonstrate their working. But the gifts were not accepted by the people who preferred the time honoured agency of the bullock.

Experiments on water lifts.

101. Experiments regarding the most suitable power for lifting water were made under the direction of a Representative Committee. The Sultan Mote from Madras; the Raja Mote from Baroda and a country Sundhia Mote of double the capacity of the ordinary Kos, switching back automatically by a weight and pully arrangement, were tried on the farm well and were all pronounced defective in one way or another. A cheap efficient water-lift is a crying want in this agricultural country.

Cattle and Horse breeding.

102. Six Nagori she-buffaloes have been distributed in different localities. There were four bull-buffaloes for breeding purposes, one bull and one stallion belonging to the Department and the number of coverings during the year under report was 411 by bull buffaloes, and 21 by the stallion.

Agricultural Banks.

103. There were two Agricultural Banks in the State, one at Songad with its Vyara Branch and another at Harij. The public have subscribed 35 shares in connection with the Songad Bank, and their deposits amount to Rs. 12,521, almsost equal in amount to the subscribed captital of the Bank. The total number of depositors was 23 and the interest paid was at the rate of 3¾ per cent. The operations of the Bank extended over 150 villages and affected 618 Kaliparaj and 129 Ujaliat Kheduts as against 148 villages 607 Kaliparaj and 69 Ujaliat Kheduts in the year 1899-1900. The Bank advanced Rs. 20,745 as against Rs. 11,133 in the last year. The amount which fell due during the year was Rs. 15,595 out of which Rs. 11,774 or 75·25 per cent, was recovered as against 62·9 per cent. last year. The total gain accruing from this Bank amounted to Rs. 2,377, and the expenditure to Rs. 1,205, the net profit amounting to Rs. 1,172 which was appropriated under Dividend, Bonus Fund and Reserve Fund. The Agricultural Bank at Harij was opend on the 22nd, of March 1901. The Government have purchased 1500 shares of ten rupees each while 3,500 shares are reserved for the public. The number of persons, with whom transactions were carried on was 112 and the amount advanced amounted to Rs. 4,616. The transactions affected 19 villages the majority of which were confined to the town of Harij. The total gain amounted to Rs. 316 and the expenditure to Rs. 203 leaving a net profit of Rs. 113 to be appropriated under Interest, Bonus Fund, and the Reserve Fund.

The Seed depots.

104. There were, during the year under report, 4 seed depots at Padra, Kherala, Kalol, and Kodinar. A sum of Rs. 25,000 under Jathu Tasalmat in mixed currency was sanctioned for carrying on the operations, out of which a sum of Rs. 21,027, including interest, was utilized for the purposes of seed depots. Seeds &c, of the value of Rs. 31,708 were advanced to cultivators as against similar advances to the amount of Rs. 4,131 during the previous year of famine. Seeds alone, of the value of Rs. 13,198, were issued on credit to 2,686 persons, as

against those of Rs. 2,990 to 401 persons, last year. The backward classes derived the greatest benefit from these depots, as, of the total number of 2,686 persons, 1,560 were Thakardas, 225 were Kolies, 128 were Dheds, 156 were Karodias, 94 were Memans and 87 were Waghries. The remainder belonged to other castes. The advances, to be realized, during the year under report, amounted to Rs. 39,323 of which Rs. 25,963 fell due and Rs. 5,292 or 20·34 per cent, were collected. The profits of the depots amounted to Rs. 1,795 and the expenditure was Rs 1,915 showing a loss of Rs. 120 during the year under report. The chief cause of the loss was that the grains stored during the famine year were distributed to the cultivators during the current year at the current market prices, which were considerably less than those ruling in the previous year.

Expenditure.

105. During the year under report the expenses of the Khetiwadi establishment amounted to Rs. 3,140 in mixed currency, as compared with Rs. 1,472 in the previous year. The increase was chiefly due to the fact that the Khetiwadi Kamdar with a special establishment, was working for three months solely in connection with the preparation of agricultural statistics; and that a special Assistant was given to him for supervising the ordinary work of the Department of Agriculture.

BARODA STATE LIBRARY.

Management &c.

106. The Baroda State Library continued to be managed by a committee of Management, consisting of 13 members of whom 7 were nominated by Government and 6 by the subscribers. The number of subscribers of the main and branch libraries fell from 330 to 264. The number of books in the Library was 6,422 as against 6,023 in the previous year, and the number of books issued to subscribers rose from 2,509 to 2,533. The income of the library amounted to Rs. 1,737 in mixed currency, including Rs. 1,026 on account of the Government grant as against Rs. 2,267 in the previous year. The expenditure amounted to Rs. 2,190 as against Rs. 2,041 and the balance to the credit of the Library in the Postal Savings Bank was Rs. 1649 against Rs. 2,180 in the preceding year.

GOVERNMENT PRESS.

Management.

107. The Government Press continued to be worked under the Contract system.

Bills.

108. The amount of bills presented by the new and old contractors for the printing work done and papers supplied, amounted during the year under report to Rs. 1,08,112, in mixed currency. Out of this sum, Rs. 30,455 were deducted on account of the use of the printing machinery &c. under the terms of the contract and the net amount to be paid was Rs. 77,657. Including the payments made to the contractors, on account of the bills passed last year, but not paid for, the actual disbursement to contractors came to Rs. 74,966 in mixed currency.

Expenditure.

109. The expenditure incurred by Government on account of the establishment entertained to examine the bills and keep records amounted to Rs. 1219. Besides this an expenditure to the extent of Rs. 754 was incurred in connection with some miscellaneous items.

MEDICAL DEPARTMENT.

Medical Relief.

110. The number of Permanent Hospitals and Dispensaries at the end of the year under report was 54, as against 53 in the previous year. The number of

first class Hospitals was reduced from 3 to 2 owing to the abolition of the Jamna bai Hospital, while there was an increase in the number of first class Dispensaries, as the Jamnabai and the Mahomed Wadi Dispensaries were opened in the City. Twenty one temporary institutions were also opened in connection with plague and famine operations. The permanent strength of the Department, including the establishments of the Military Hospitals and Dispensaries, and of the Institutions maintained from the funds of the Bechraji, Beyt, and Anusuya temples, consisted of 19 Officers, 62 Hospital Assistants, 78 Medical pupils, 4 Midwives and Nurses, two Vaidyas, 2 Hakims, and 2 Veterinary surgeons, in all 169 as against 164 in the preceding year. The total number of patients showed a large increase from 3,27,043 to 3,86,444. Out of 14,564 indoor patients treated, 2,795 or 19·1 per cent died, 11,193 were cured, 444 remained under treatment and the rest left the Hospitals or were relieved. The average daily attendance of out-door patients was 3,736.4 as against 3,766·7 in the previous year. The most common diseases that prevailed during the year were malarious fever, lung diseases, bowel complaints, and skin diseases. Malarious fevers prevailed in an epidemic form in all the four Divisions of the State. Cholera and Plague also visited some portions of the State, the number of attacks from these epidemic diseases being respectively 2,279 and 585. Of these 1,388 or 60·9 per cent, died from Cholera while 350 cases of plague or 59·8 per cent, proved fatal. In all 9,232 surgical operations were performed (1,058 principal and 8,174 secondary) as against 11,139 in the previous year. The number of obsteric cases attented by the midwife declined from 78 to 58. Of these 54 were cases of natural labour and 4 of unnatural labour. In one case of the latter kind, Evisceration was successfully performed.

Lunatic asylum.

111. The total number of inmates in the Lunatic Asylum at Baroda was 30 or 14 less than in the previous year. Of this number 8 were new admissions, In all 12 inmates were discharged as cured and 14 remained under treatment at the close of the year. The number of deaths fell from 3 to 2. The total expenditure on account of the Institution amounted to Rs. 3,345 against Rs. 3,894 in the previous year. The decrease was due to a vacancy in the post of the Hospital Assistant.

Veterinary dispensaries.

112. There were 2 Veterinary dispensaries as in the previous year, one at Baroda and the other at Mehsana. The total number of animals treated declined from 2,664 to 1,581. The large decrease was due to the absence of any epidemic disease among the cattle and especially to the absence of the Veterinary surgeon at Mehsána, who was sent to the Rani Mahals of the Navsari Division to look after the health of the cattle sent there from other parts of the country. The number of animals cured and relieved was 1,523. The total cost on account of the Dispensaries amounted to Rs. 1,855 as against Rs. 2,334 in the previous year. A sum of Rs. 64 was collected in fees from the owners of the sick animals treated as against Rs. 49 in the previous year. Twenty four villages were visited by the Mehsana Veterinary Surgeon with a view to the adoption of preventive and curative measures against epidemic cattle diseases.

Chemical analysis.

113. The total number of chemical analyses made during the year fell from 662 to 645. The decrease was under the head of Medico Legal Examinations and the increase principally under potable water and miscellaneous analyses. Poison was detected in 17 out of 39 cases of human poisoning. More than half

the cases were due to morphia and meconic acid and in five cases arsenic was detected. Five cases of cattle poisoning occured in four of which, arsenic of copper or arsenious oxide was successfully traced. The total cost of the Institution was Rs. 1,275, as against Rs. 2,756 in the previous year. The decrease was due to the rate of exchange and the reduction of the salary attached to the post of Chemical Analyser.

Vaccination.

114. The total number of vaccine operations performed during the year fell by nearly one-half, being 37,986 against 72,391 in the previous year. Of the total number of operations, 34,864 were primary and 3,122 were revaccination, 31,439 of the former and 1,945 of the latter proving successful. The number of infants under one year of age, who were vaccinated, was 30,348; of those between one year and six years 4,144 were vaccinated and 253 vaccinations were performed on persons over six years of age. The percentage of known successes in primary vaccination declined from 93·6 to 90·4 and in revaccination from 65·6 to 62·2. Animal vaccine was employed both in the City and the Districts, the number of operations performed by means of it, in the City, being 829 while 582 capillary tubes of animal lymph were supplied to District Vaccinators. The total expenditure of the Vaccination Department was Rs. 17,741 against Rs. 18,366 Babashai in the preceding year. The average cost of each successful vaccination was annas 8 and pies 6 as against 4 annas and 5 pies in the last year, the increase in the cost being due to the decreased number of vaccinations, as owing to the famine, people migrated from several places.

Inspection.

115. The Chief Medical Officer visited, in all, 42 institutions and was on the whole satisfied with the manner in which the work of the institutions was carried on.

Expenditure.

116. Excluding the contributions from the Temple Funds of the Bechraji and Beyt and from the revenues of the Amla village, towards the maintenance of the Leper Hospital at Anusuya, and from the Military Department for the maintenance of their Hospitals and Dispensaries, the expenditure of the Medical Department amounted to British Rs. 1,25,435 and Babashai Rs. 48,592 or Rs. 2,18,736 Babashai, as against Rs. 2,38,667 in 1899-1900; the decrease of Rs. 22,074 being noticeable under establishments and contigencies, while there was an increase of Rs. 2,143 under medicines and instruments owing to the prevalence of malarious fever in an epidemic form in all the four Divisions of the State.

Ambulance lectures.

117. In pursuance of the Huzur Order No. 10 dated the 26th. March 1901 lectures on Ambulance were delivered in the City of Baroda as well as in the Districts, and regular classes for the Military and the Police were formed in view thereof.

Befri seeds.

118. During the year under report the Chief Medical Officer noticed a kind of seed called Befri. The plant, from which this seed is obtained, is annual and grows wild in the Jungles. It was also found to grow in the Songad Mahal the Tilakwada Peta Mahal, and Ten Talao under Sinore. Besides being cheap, the seeds are very nutritious and are used by the poor as food mixed with some less nutritious seeds. On being analysed by the Chemical Analyst they were found to contain 21·1 per cent of Albuminoids as contrasted with the ordinary Indian wheat in which the percentage is only 13·5 per cent. Befri seeds compare even more favourably with oat-meal, being 32 per cent more nutritious. The

seeds not being a saleable commodity, were not available at many places; but acting on the suggestion of the Chief Medical Officer the Famine Commissioner gave them a trial and made use of them with other food grains in the Songad Poor-house, with the result that in one month's time all the 8 persons (four adults and four boys and girls) to whom they were administered, gained in weight more or less. The Chief Medical Officer is of opinion that, with a view to the reduction of expenditure, it would be advisable to use Befri along with other food grains in the Orphanages, Poor-houses, the Central Jail and the Boarding Schools at Songad &c. When the value of Befri is fully established and becomes known the Chief Medical Officer feels sure that it will provide a new industry for the poor and a source of revenue to the State, in addition to being a very valuable food grain in times of famine or scarcity.

VITAL STATISTICS.

Registration of births and deaths.

119. The new rules for the registration of births and deaths in the State were sanctioned during the year under report and they came into force from the 1st of June 1901. By these rules, the registration of births and deaths in the Kasba towns has been transferred from the Police to the Municipal authorities. In Baroda City registration has been transferred from the Police and Revenue authorities to the City Sudhrai Department and the notification of births and deaths has been made compulsory.

Births.

120. The total number of births registered during the year under report in the Baroda State, was 13,421 as against 31,403 in the preceding year and a decennial mean of 35,367. The number is the lowest for the last ten years, a result due to the weakness infused by famine, and to deficiencies in the registration of births. The ratio of births per mille of population was 5·5 as compared with 13·02 last year. Of the total number of births recorded in the year under report 7,330 were males and 6,091 were females as against 16,846 males and 14,557 females in the preceding year. The ratio of male births was 3·0, and that of female births, 2·5 per mille of population as against 6·9 and 6·0 respectively last year. In the whole State for every hundred female births, 120·3 male births were registerd as against 115·7 in the last year.

Deaths.

121. During the year under report, the total number of deaths registered in the State was 1,16,337 as against 1,31,261 in the last year and a decennial mean of 50,744. The ratio of mortality per mille of population per annum came to 48·2 as compared with 54·4 of last year and a decennial mean of 21·0. Of the total number of deaths, 65,361 were of males and 50,976 of females as against 75,763 and 55,498 respectively in the preceding year. The ratio of the male deaths came to 27·1 and that of females to 21·1 per mille of population per annum, as compared with 31·4 and 23·0 for the previous year. Throughout the whole State, for every hundred female deaths 128·2 male deaths were registered. It will appear from the above figures that the year under report continued unusually unhealthy, the number of deaths recorded being the largest for the last ten years excepting last year. This was due to the continuance of the effects of the famine conditions of the previous year.

Deaths by age.

122. In the whole State, the greatest mortality occurred among children between 1 and 5 years of age, and next to that, among persons between 30 and 40 years of age ; the figures for these two ages being 17,819 and 16,126 respect-

ively. The least mortality was registered among persons from 10 to 15 and from 15 to 20 years of age, the returns for these two ages being 5,662 and 5,241 respectively.

Deaths by castes.

123. Out of the total number of deaths, viz. 1,16,337, 1,04,076 occurred among Hindus, 8,939 among Mohamedans, 1,960 among Jains, 17 among Christians, 238 among Parsees and 1,107 among other castes.

Causes of mortality

124. Of the total number of deaths registered, 91,216, or 78·4 per cent, were due to fevers, 3,631, or 3·1 per cent, to cholera, 326, or 0·2 per cent, to small-pox, 6,559, or 5·6 per cent, to dysentery and diarrhœa, 376, or 0·3 per cent to injuries of various kinds and accidents, and 14,229, or 12·2 per cent, to causes not known. Among the causes of mortality throughout the whole State, fever was most prominent. Fever mortality contained also the number of deaths due to plague which numbered 350. Kodinar in the Amreli Division, and Ghandevi and Billimora being nearest to Bombay respectively by sea and by land, were, together with the villages round about them, infected. In the Amreli Division there were in all, 213 attacks, and 99 deaths, from plague from the 25th October 1900 to the 13th July 1901, out of which, 134 attacks and 54 deaths were claimed by Kodinar alone. In the Navsari Division there were, in all, 370 attacks and 251 deaths from the 27th November 1900 to the 30th July 1901. Ghandevi, Billimora, and Dhamdacha claimed 35, 69 and 53 deaths respectively, while the remaining deaths occurred in other villages. The Kadi and Baroda Divisions including the City of Baroda enjoyed perfect immunity from plague.

During the first two months of the year under report, cholera raged to some extent in all the four Divisions of the State, the number of deaths due to it amounting to 3,631. In the preceding year the total number of deaths on account of cholera was 21,986. The ratio of deaths due to cholera was 3·1 to the total number of deaths from all causes.

The famine conditions of the last year prevailed during the first five months of this year also, as is evident from the fact that not less than 87,870 deaths-out of the total number of 1,16,337—occurred in that period, and this high mortality was accounted for by cholera, fever, dysentery and diarrhœa all attributable to famine.

PALACE.

Expenditure.

125. The expenditure of the Palace in the year under report was Rs. 16,64,577 against Rs. 19,35,896 in the previous year, showing a decrease of Rs. 2,71, 319. The decrease was noticeable under all the principal heads of expenditure.

SURVEY AND SETTLEMENT.

Measurement work

126. The measuring parties measured 88, 802 Bighas, and traversed 73,182 Bighas, during the year under report, as against 100,491 and 14,686 Bighas respectively, in 1898-99, no measuring work having been done during the year 1899-1900 as the "A" party was on famine duty during the whole of that year. Their operations were confined to 87 villages, 7 of which were in the Baroda Division and the remaining 80 in the Navsari Division, comprising, in all, six Talukas. 1,20,833 Bighas of 3 villages of the Kadi Division and 130 villages of the Navsari Division were classed this year as against 1,08,331 Bighas in 16

villages of the Kadi Division, 2 of the Baroda Division, and 30 of the Navsari Division in 1898-99. One internal boundary case as against two in 1898-99 was decided and two cases remained undisposed of at the end of the year. The Boundary Settlement Officer measured 20 boundaries marching with the Mahi Kantha villages in addition to the 241 boundaries measured by him up to the end of last year. He also measured 9 boundaries marching with the villages of the Sachin State. There were four appeals, in connection with boundary disputes, pending disposal at the end of the year under report.

Jamabandi Office work.

127. The new Settlement rates were introduced into 9 villages of six Talukas, while the introduction of the sanctioned rates in the Okhamandal Taluka was further postponed owing to the recurrence of famine. The Taluka Maps of Navsari and Waghodia were prepared in the Survey Record Office and sent to the Photo Zinco Press Poona. Besides this, the Taluka maps of Pattan, Vadavli and Dehgam of the Kadi Division were prepared during the year under report. The revised Settlement Report of the Petlad Taluka of the Baroda Division, and that of the Mewasi villages of the Kadi Division, were completed during the year under report. Bot Khats of 10 villages of the Petlad and Siswa Talukas were prepared. The City Survey work was going on in 6 towns. In addition to this work, the City Survey parties also did the work of taking levels in 6 towns and completed the same in 3 towns. The Survey parties having been employed in the Songad Revenue Survey work to expedite its completion, very little work pertaining to the City Survey was done during the year under report.

The measurement cost, per Bigha, comes to 2 annas and 6 pies as against 2 annas and 8 pies in 1898-99 and the classification cost, to anna 1 and pies 9 as against annas 2 and pies 8.

BARKHALI BRANCH.

Settlement of land.

128. The work of the Barkhali Land Settlement diminished considerably during the year under report as very little remained to be done. Land measuring 258 bighas, and assessed at Rs, 436, was settled in 19 villages.

Cash Settlement.

129. The work of the preparation of the final Barkhali Patraks was pushed on vigorously during the year. One hundred and seventy five claims to cash allowances involving Rs. 53,871 were disposed of, and allowance to the extent of Rs. 23,851 was continued. Vershasans, Asamies &c of the annual value of Rs. 362-8-0 were bought off by a lump sum of Rs. 3,821.

Vatan Settlement.

130. 19 cases of Vatans, comprising an annual amount of Rs. 10,251, were decided. Out of this, Rs. 9,361 were continued, service being charged on the amount so continued. Six claims in connection with the Adaniya and Vachania land in the Kadi Division were disposed of during the year under report, the consideration money paid for the redemption of the land amounting to Rs. 556.

Loans.

131. No new loans were advanced during the year under report, the amount due to Government from persons to whom loans have been advanced being Rs. 4,24,759.

Sanads.

132. Forty six Sanads in all were issued to the Barkhali holders.

Expenditure.

133. The total expenditure of the Survey and Settlement Department amounted to Rs. 1,46,047, as against Rs. 1,17,992 in the previous year, the decrease in the last year being due to the fact that some Officers of this Department with their establishment were lent to the Famine Department and consequently their salaries were charged to that Department.

SEASON AND RAIN-FALL.

Rainfall.

134. The rainfall in all the Divisions, except Amreli, was less than normal-though considerably more than that of last year. It did not begin in time and when it commenced it fell continuously for some time and then held off. As a consequence of this the Paddy crops, and Kodra, Tuver and gram crops were damaged. Wheat and tobacco crops were fair; so also was the cotton crop in the Kanham District. Bajri and Jowar crops were pretty fair. No scarcity of grass was felt.

Crop diseases and ravages by insects.

135. Some damage was done by rats to cotton crops in the Baroda Division. A disease called Geru slightly spoiled the wheat crop in the Kadi and Amreli Divisions. In the Vyara Mahal of the Navsari Division, the castor oil seeds and Wal crops were damaged by insects; similarly the Jethudi Jowar of the Kodinar Mahal was spoiled.

Water supply.

136. Owing to the insufficiency of rain, want of water was felt, to some extent, in the whole State, but the streams and wells supplied the want.

Out-turn of crops.

137. In the Baroda Division, Bajri, Jowar, and tobacco crops were about normal. In the Kadi Division, Bajri, Jowar, and wheat crops were normal. In the Navsari Division, no crop was normal but generally Bajri, Jowar, and cotton crops were better than the rest, and the Paddy crop was better than in the other Divisions, where it was poor. In the Amreli Division, Bajri and wheat crops were below normal and the Jowar crop was much below normal.

Prices of staple grains.

138. The prices of Bajri, Jowar, rice, and wheat were better than those prevailing during last year's famine but they had not reached the normal level. The prices of Tuver were still high owing to the failure of the crop during the year and were, in fact, higher than the prices current during last year. The same was the case with gram, though in Kadi the price was a little lower than that of the Famine year.

Relief Works.

139. From the commencement of the year under report to almost the end of November 1900, Relief Works were in progress in all Divisions, just as during the previous year. From December 1901 these Relief Works were converted into Ordinary Works, but were ordered to be conducted Departmentally so that they might serve the object of Relief Works as well. By the end of February, a fresh and full programme of Relief Works, estimated to cost Rs. 27,12,962 was sanctioned; and 249 works to the extent of 10 lacs of Rupees were ordered to be commenced forthwith. The total number of units of labourers employed on them during the year under report, was 67,66,078, or an average of about 18,537 a day throughout the year. Of these, 10·52 percent were relieved gratuitously, being dependents of the labourers employed on the Works.

The total cost of Relief Works was approximately Rs. 19,91,232 in mixed currency.

Gratuitous Relief and Poor Houses.

140. Gratuitous Relief also continued to be given in villages, and Poor-houses were opened from the beginning of the year under report, in the sameway as during the previous year. In the new programme of Famine Operations sanctioned in February, Rs. 1,05,000 were sanctioned for Gratuitous Relief to be given in Poor-houses and villages. Gratuitous relief was accordingly dealt out liberally,

both in Poor-houses and by village doles, in all Divisions, except Amreli, where it was found convenient to relieve the needy in villages, without opening any Poor-houses. The total number of units relieved in the several Government Poor-houses, up to the close of the year under report, was 4,81,547, the highest figure having been reached in August 1900. The number of units relieved in villages was 6,90,662.

In addition to the relief described above, 11,81,261 units were gratuitously relieved from the usual Government charitable institutions, such as Gyarmi Khichadi, Sadawart, &c.

For orphans and children deserted by their parents, Orphanages were maintained at several places throughout the year and 51,875 units were gratuitously relieved in them up to the end of the year.

The total cost on Gratuitous Relief during the year under report amounted to about Rs. 1,51,999, excluding about Rs. 31,598 spent by the Public Works Department in relieving dependents of labourers on Relief Works.

Scarcity allowance to low-paid servants.

141. The low-paid servants of Government were given grain compensation for which the total expenditure during the year under report was Rs. 1,82,096

Tagavi.

142. Liberal advances were made during the year under report to cultivators for the construction of wells, for the purchase of seeds, bullocks, and implements of husbandry, and for their maintenance during the famine. Special concessions, granted during the previous year, were continued during the year under report. Special Officers were also appointed to make the Tagavi advances and to see that the money was properly used for the purposes for which it was advanced The total Tagavi advances made for the various purposes during the year under report amounted to about Rs. 12,25,808.

Cattle mortality.

143. As fodder was ample, the cattle mortality was very low during the year. About 60,500 cattle are reported to have perished during the year, as compared to 3,96,393 cattle that died during the previous year.

Total expenditure on Famine Relief Operations.

144. The total direct expenditure incurred during the year under report by the State on account of several Relief Operations undertaken, amounted to Rs. 41,37,446 in mixed currency as compared to Rs. 46,87,132 of the previous year.

The Relief afforded by Government was to a certain extent supplemented by private charity. Poor-houses were maintained in several places by private individuals, notably in the Kadi Division, while at others cooked or raw food was gratuitously distributed to large numbers. It is estimated that the cost of these private charities amounted to over 1¼ lacs of rupees.

LAND REVENUE.

Land revenue demand, remissions &c.

145. The amount of land revenue for collection rose from Rs, 1,05,50,292 to Rs. 1,05,65,552 during the year under report. Remissions fell from Rs. 38,938 to Rs. 37,919 and thus the net demand rose from Rs. 1,05,11,354 to Rs. 1,05,27,633. The slight increase in the net demand was due to the fact that the year under report was much better than last year when the famine was in progress. The remissions were due to the introduction of new Survey and Settlement rates in some villages and to various other causes. The actual col-

lections rose from Rs. 44,51,518 to Rs. 82,60,485 and the balance due to Government fell from Rs. 60,59,836 to Rs 22,67,148. The land revenue arrear demand at the end of 1899–1900 amounted to Rs. 77,15,157. Of this amount Rs. 4,41,534 were collected and Rs. 21,378 were remitted during the year under report, leaving at the close of the year a balance of Rs. 72,52,245.

Notices.

146. In connection with the collection of revenue, notices were issued during the year under report, to 1,54,945 persons as against those issued to 1,93,999 persons last year, and the actual realizations under this process amounted to Rs. 21,84,796 against Rs. 21,24,127 in 1899–1900.

Coercive measures.

147. In connection with the recovery of arrears of revenue, the coercive measures, that were adopted, comprised 835 sales of Khatas, 131 sales of other property, 324 imprisonments of defaulters and 16 Mohasals, as against 60,53,1693, and 13 respectively, last year. The amount recovered by recourse to the several coercive processes, including notices, was Rs. 22,20,200 as against Rs. 22,02,331 in 1899–1900.

Relinquishments.

148. During the year under report 1,04,558 Bighas of land assessed at Rs. 1,17,034 were relinquished by 5,845 persons as against 28,347 Bighas assessed at Rs. 33,003 relinquished by 2,103 persons in 1899–1900. The increase in the relinquishments of land was due to the straitened circumstances in which the cultivators as a body found themselves owing to the Famine of the previous year.

Lands taken up for cultivation.

149. There was at the same time a considerable decline in the extent of waste lands taken up for cultivation, during the year under report as the land so taken up measured 25,071 Bighas, as against 31,774 Bighas last year.

To assist the cultivators in their agricultural persuits Rs. 12,99,649 were advanced as against Rs. 13,70,985 last year.

The number of useful tanks and wells in the Baroda territory numbered 7,181, and 69,829 respectively at the close of the year.

CUSTOMS.

Management of Customs Revenue.

150. The Customs Revenue of the whole Raj, excepting that of the Kasba towns of Amreli, Dhari, and Damnagar in the Amreli Division, and that of the towns of Songad and Kathor in the Navsari Division, was collected Departmentally, while in the five towns mentioned above it was farmed out. The Customs revenue of Songhad and Kathore was appropriated to the fixed extent, by the respective local Municipalities.

Revenue.

151. The Farms of the above mentioned five towns yielded a revenue of Rs. 9,896 as against Rs. 14,917. last year. The large decrease was chiefly in the farm revenue of Amreli where the bids were very low on account of the prevalence of Famine conditions.

The total demand, realisations, and outstandings of the Customs Revenue of the whole Raj were respectively Rs. 6,66,739, Rs. 6,66,477 and Rs. 262 as against Rs. 4,62,900, Rs. 4,59,686 and Rs. 3,254 respectively last year. The increase in the demand and realisations was chiefly marked in the Baroda and Kadi Divisions and was chiefly due to the partial disappearance of Famine conditions and to the celebration of marriages among the Kadwa Kunbis.

Expenditure.

152. The total expenditure of the Customs Department amounted to Rs. 97,611 against Rs. 1,01,647 in the last year, the decrease being mainly due to the stopping of the Famine allowances during part of the current year in the Baroda and Kadi Divisions. In the Amreli Division there was an increase in expenditure owing to additional expenditure on light-houses and to the disbursement of the previous years' dues by Government in the year under report.

Changes in the customs tariff.

153. During the year under report a hand cart of fuel, drawn by persons, was made liable to half the duty levied on an ordinary cart of fuel in the City of Baroda, while the duty hitherto levied in Babashai coin was ordered to be levied in British coin without any difference in the amount owing to the change in the currency.

ABKARI.

Still-head duty, &c.

154. The Still-head duty, the Central Distillery, and the Minimum Guaranteed Revenue System continued to be in force in the Baroda and Navsari Divisions; and the Out-still and Farming System in the Kadi and Amreli Divisions, except in 12 frontier villages in the Kadi Division, where liquor was brought from the Ahmedabad Central Distillery and sold in accordance with the arrangement entered into with the Bombay Government. There was no alteration in the rates of duty levied during the year under report.

Tree-tax.

155. In the Baroda Division, the privilege of free-tapping of toddi-trees for home consumption, granted to Khatedars in the Sankheda, Savli, and Waghodia Mahals, and in the Tilakwada Peta Mahal, was restricted to the maximum of two trees for each family. This privilege is to continue till the end of July 1902. The trees so tapped free, numbered 1,537 as against 666 in the previous year. The number of trees tapped on payment of fees was 2,327, and the revenue derived therefrom was Rs. 802 in mixed currency, during the year as against 308 trees and the revenue of Rs. 80-8-0 in the previous year. The figures did not reach the normal level during the year under report. In the Navsari Division the revenue realised on account of the tree-tax was Rs. 36,523 against Rs. 40,340 during the last year. Besides this Rs. 100 were realised as tree-tax and Rs. 40 were collected in Baithak fees on account of booths at the foot of the trees. The amount of bids for licenses of the toddy shops in the Navsari town was Rs. 5,945 during the year against Rs. 13,169 in the preceding year.

License fees on hotels and shops.

156. There were 10 shops and 3 hotels selling foreign liquors in the whole Raj as against 14 shops and 2 hotels in the previous year. The license fees received, amounted to Rs. 989 in respect of the shops, and Rs. 456 in respect of the hotels, as against Rs. 617, and Rs. 200, respectively in the previous year. All the three hotels were in Baroda. The license fees charged in respect of these shops and hotels were the same as in the preceding year.

Abkari revenue.

157. Owing to the after effects of Famine, the Abkari Revenue demand fell from Rs. 9,96,113 to Rs. 6,59,725 in the year under report. The incidence of the Abkari demand per head of population as per census of 1901 was annas five and pies five as against annas 6 and seven pies in the last year. Of the total demand Rs. 5,53,306 were collected, leaving a balance of Rs. 1,06,419. The Kadi Division showed the greatest deficit. A large portion of the outstanding amount was due from the old Abkari farmer of that Division and his farm was cancelled.

158. During the year under report, the quantity of liquor distilled in the distilleries of the State was 4,571 gallons of 15° U. P., 1,04,888 gallons of 25° U. P., and 2,78,536 gallons of 60° U. P. The quantity issued for sale amounted to 1,865 gallons of 15° U. P., 89,965 gallons of 25° U. P., and 2,62,934 gallons of 60° U. P. and quantity sold was 3,882 gallons of 15° U. P., 94,587 gallons of 25° U. P., and 2,96,143 gallons of 60° U. P. The quantity of liquor in gallons, reduced to 25° U. P., consumed in the Baroda and Navsari Divisions was 63,099 gallons in Baroda, and 1,94,872 gallons in the Navsari Divisions. The quantity consumed per head in gallons in Baroda was ·09 and ·64 in Navsari as against ·08 and ·60 in the last year. The consumption in both Divisions has not yet reached the normal level.

Quantity of liquor distilled &c.

159. The quantity of liquor supplied to the isolated shops in the Navsari, Baroda and Kadi Divisions from British distilleries, was 3,738 gallons, and the amount of still-head duty thereon, in the year under report, was Rs. 5,789 as against 1,959 gallons and Rs. 3,144, respectively last year. The liquor supplied to the isolated shops at Mota in Bardoli Taluka and in the Baroda Cantonment, in the British territory, from the Baroda territory, was 6,127 gallons, and the still-head duty was Rs. 12,039, as against 5,242 gallons and Rs. 10,351 respectively in the last year.

Liquor supplied to the isolated shops.

160. There were 265 shops in the Baroda Division as against 282 shops in the last year, and 335 in the Navsari Division as against 350 in the previous year, and the population served by the former, per shop, was 2,418 as against 2,897 and by the latter 896 as against 912 in the last year. The area served in square miles per shop was 7·20 as against 6·77 in the Baroda Division and 5·91 as against 5·66 in the Navsari Division. The decrease of shops in both the Divisions was due to the fact that the contractors could not profitably maintain shops in places where the custom of the shop was not sufficient to pay the expenses of the upkeep.

Number of shops.

161. During the year under report 119 cases of Abkari offences were investigated and 136 persons were arrested. In 115 cases conviction was secured and 123 persons were convicted. The percentage of cases proved was 97 and the persons convicted 94 as against 89 and 89 respectively last year.

Abkari offences.

162. The expenditure of the Department came to Rs. 34,882 as against Rs. 32,747 in the last year. The increase in the expenditure was due to the fact that a sum of Rs. 4,600 was paid back during the current year as abatement from the stipulated sums which the farmers had paid during the Samvat years 1953, 1954 and 1955 to them. If this sum were deducted the expenses would actually be less than those in the previous year. The decrease was due to the abolition of the branch distillery at Vakal, and the discontinuation of the distillery at Malangdeo during part of the year, and to the decrease in the Famine allowances which were continued only for a part of the year.

Expenditure.

OPIUM.

163. During the year under report, 6,973 acres of land were under poppy cultivation in Sidhpur, Kheralu, Visnagar, Vadavli, Pattan, Vijapur, and the Mehasana Mahals of the Kadi Division as against 1,770 acres in 1898-99 and the total yield of juice was 1,07,696 lbs. as against 33,389 lbs. in the same year. The

Land under poppy cultivation.

average yield per acre was 9·13 lbs. as against 19·2 lbs. in 1898–99. The low yield during the year was due to the want of rain at the end of the season. The increase in the area under poppy cultivation was due chiefly to the season being unfavourable to the raising of other winter crops and also to the good price offered by Government for poppy juice, being Rs. 3-8-0 British per pound as against Rs. 3-8-0 Babashai.

Quantity of juice and its disposal.

164. During the year under Report, the stock of poppy juice on hand amounted to 1,41,340 lbs. (juice on hand at the end of the last year, 33,645 lbs. and that purchased during the year under report, 1,07,695 lbs.) out of which 33,531 lbs. were used in manufacturing opium, leaving a balance of 1,07,809 lbs. of juice.

Quantity of opium and its disposal.

165. The balance, of opium, at the end of the last year, amounted to 1,73,670 lbs. The opium manufactured during the year came to 29,721 lbs., thus making a total of 2,03,391 lbs. of opium, out of which 1,400 lbs. were sent to Divisional depots and 208 lbs. had to be written off under dryage. The balance on hand thus came to 2,01,783 lbs. of opium.

During the year under report no opium was sent to Bombay for sale.

Systems of sales, Issue of opium, &c.

166. The systems in force in connection with the sales of opium in the Baroda State remained unaltered during the year under report. The issue rate to license holders was Rs. 12 per lb. The opium issued to license holders was 26,970 lbs., and the opium sold by them amounted to 26,825 lbs. This gives an average, of consumption of opium per head of population, of ·55 Tola as against ·76 in 1898–99. The decrease in the consumption of opium is accounted for by the reduced condition of the people owing to famine. People were obliged to use tea and coffee instead of Kusumba for social gatherings as usual.

Realisations.

167. The realisations in connection with the opium monopoly amounted to Rs. 3,60,477 as against Rs. 4,28,341 last year and Rs. 5,64,008 in 1898-99.

Offences against opium law.

168. The number of offences against the opium law was 39 against 38 last year. There was a balance of 3 cases of last year and thus the total number of cases for trial was 42 out of which 41 cases were tried and convictions were secured.

STAMP REVENUE.

Receipts from Stamp revenue.

169. The revenue from the sale of stamps in the year under report was Rs. 5,18,245 as against Rs. 3,89,931 in the last year. Thus there was an increase of Rs. 1,28,314 which was due to the reduced receipts of the previous year owing to Famine.

Expenditure.

170. The total expenditure of the Stamp Department was Rs. 32,598 as against Rs. 20,723 in 1899–1900. The increase of Rs. 11,875 is accounted for by the payment of Messrs. Waterlow and Sons' bills for the supply of water-marked paper ordered out last year.

FOREST.

Area of State Forests, prosecutions &c.

171. The total area of the State Forests was 4,78,630 Bighas or 29 Bighas more than in the previous year. In the Baroda Division the area brought under Forest was Bighas 57,078, in Navsari 3,40,024, or nearly ¼ of its total area

and in Amreli 81,528. The Kadi Division though the largest in area has no forest for the present. The total number of prosecutions for forest offences including cases pending from the previous year, was 232 as against 246 in the last year. The number of compounded cases rose from 47 to 77.

Cattle grazing.

172. In Baroda, Navsari and Amreli Divisions, the system of grazing cattle on payment of fees was in force. The number of cattle grazed in the forest during the year under report, was 39,039 as against 15,196 in the last year, and 63,524 in 1898–99.

Free supply.

173. Forest produce worth Rs. 6,443 was granted free to the people during the year under report as against produce worth Rs. 6,075 in 1899–1900.

Improvement of Forest growth.

174. In the Savli range new sprouts have sprung up in blocks. The sprouts of the previous year in the Baroda and Navsari forest tracts have dried up in the majority of cases. The uprooting of plants and grasses by the wild tribes seeking for food in the jungles has in a way acted beneficially on the growth of forest.

175. The work of improving the foreshore of Umrath was fairly successful. Most of the improved land was enclosed in the Palace gardens; and one plot of the village of Danti was given to a private individual for building purposes.

Demarcation.

176. A large portion of the Vajpur Peta Mahal was demarcated during the year under report.

Mr. Sharangpani who was deputed to go to Jabalpore in the Central Provinces, during last year, to learn the nature and development of working plans returned during the year under report, having completed his studies. At present working plans are in operation in Sankheda and Mahuwa in rough rotations.

Cuttings.

177. At present timber is allowed to be cut from the unclassed forest, the reserved forest being kept in tact until the working plans are decided upon.

Exploitation of major and minor produce.

178. During the year under report no new contracts were given for the cutting of timber. All reserved forests in the Baroda and Amreli Divisions were kept open for grazing and though some parts were kept as grass-growing tracts the revenue was small owing to a small demand for grass. The revenue from miscellaneous produce was generally derived from Timri leaves, gum, the flowers of the Kesuda, the seeds of the Mhowra, Rosha grass, honey, Harda, &c.

Financial results.

179. The revenue derived from these forest products amounted to Rs. 22,245, as against Rs. 23,470 last year.

The arears of Forest Revenue which remained uncollected, at the beginning of the year under report, amounted to Rs. 33,104 of which Rs. 11,625 were collected and the balance was left in arrears.

The total revenue demand of the Department amounted to Rs. 66,343 as against Rs. 82,734 last year. Of this Rs. 52,545 as against Rs. 60,959 were collected leaving a balance of Rs. 13,798 as against Rs. 21,775 in the preceding year. The total expenditure came to Rs. 56,225, as against Rs. 61,136 last year. The decrease in Forest Revenue was due to the drying up of a larger portion of standing timber on account of the scarcity of rain than there was demand for, and consequently the market rates were not favorable.

ARREARS OF PREVIOUS YEARS.

Arrears.

180. The arrears from all sources of revenue outstandings at the end of 1899–1900 amounted to Rs. 98,29,618; out of this, Rs. 52,542 were remitted and Rs. 8,50,010 were collected during the year, leaving a balance of Rs. 89,20,067 at the end of 1900–1901.

ABOLITION OF TAXES.

181. No tax was abolished during the year under report in His Highness' territory.

MINT.

182. There were no operations during the year under report, in the State Mint.

Expenditure.

183. The expenditure charged to the Mint amounted to Rs. 24,322 under contingencies, temporary establishment, and loss in the items of minting operations, which had remained unadjusted in the last year. Out of this sum of Rs. 24,322, a large sum of Rs. 20,164 was written off as the same had been wrongly dealt with on the credit side during previous years.

Receipts.

184. The receipts amounted to Rs. 1,183 and were realised during the year under report from the sweepings, ashes, &c, in the Mint.

AUDIT AND ACCOUNTS.

Audit.

185. The total number of vouchers disposed of by the Audit Department advanced from 1,03,465 to 1,46, 857 and erroneous and over-payments were discovered to an extent of Rs. 13,338 as against Rs. 9,500 last year.

Pensions.

186. Pensions in 23 cases amounting to Rs. 389 per mensem were sanctioned during the year.

Expenditure.

187. The total expenditure of the Account Department including the Huzur Treasury, amounted to Rs. 1,24,680, against Rs. 1,26,840 in the previous year, the decrease of Rs. 2,160 being due to the savings consequent on vacancies, on the transfer of some hands to conversion work, the cost for which was not charged to the Account Department.

The negotiations for the substitution of the British for Babashai silver currency were concluded at the beginning of the year and the conversion operations were commenced from 13th August 1900 by opening three Treasuries at Baroda, Visnagar and Bombay and Sub-Treasuries at Kalol, Miyagam and Petlad. Subsequently all the Treasuries in the Mahals of Kadi and Baroda Divisions were authorized to receive to a limited extent Babashai Rupees and to give British Rupees in return. In all Rs. 2,71,57,288 were received for conversion into British silver coinage. Of this Rs. 2,44,01,894 were received from the people and Rs. 27,55,394 from the Treasuries. The operations were to be completed within six months, but in view of avoiding inconvenience to the people the period was extended, with the sanction of the Government of India, to the 28th February 1901. The total cost of the conversion operations was Rs. 43,140 British or Rs. 0-1-6 per 100 rupees.

188. In addition to the loans amounting to Rs. 45¾ lacs contracted last year, a fresh loan to the extent of Rs. 29¾ lacs was raised for a period of one year at 4 per cent, the total loan raised up to the end of the year under report amounting to Rs. 75½ lacs. The expenditure for the past two years being far in excess of the receipts and the loans raised, more than Rs. 50 lacs were contributed from the ordinary cash balance to make good the deficit. Steps were further taken to invest the surplus cash on hand for short periods and to earn interest there on, the total amount thus earned being Rs. 29,833. Loans.

189. The total receipts for the year under all heads amounted to Rs. 1,35,41,211 as compared with Rs. 1,03,03,074 in 1899–1900 and the expenditure to Rs. 1,75,59,541 as against Rs. 1,71,48,003 in the same year. Receipts and expenditure.

The expenditure was thus in excess of the receipts by about Rs. 40 lacs. About Rs. 12½ lacs were paid as Tagavi during the year, about Rs. 9 lacs were added to the Railway Capital accounts and Rs. 2½ lacs to the Opium stock, the total disbursements in excess of the receipts thus amounting to Rs. 64 lacs. The excess was met by contracting debts to the extent of Rs. 38 lacs, by drawing upon the cash balance to the extent of Rs. 6 lacs and by recoveries from Tasalmat and other debt heads to the extent of Rs. 20 lacs. The total increase of Rs. 32,41,047 in the receipts was contributed to, chiefly by the land revenue (Rs. 87,69,629 as against Rs. 46,01,962 increase Rs. 41,67,667) which however fell far short of the normal amount received in ordinary years. The only noticeable increases were those of over two lacs in Customs and Stamps while under Abkari and Registration the receipts improved by Rs. 5,083 and Rs. 9,673 respectively. Receipts under Municipalities improved by Rs. 12,276. Opium receipts showed an enormous decrease of nearly 11½ lacs chiefly due to absence of any sales in Bombay during the year. The decrease in tribute was Rs. 29,452 due to outstanding arrears. Under the head Miscellaneous the receipts declined by Rs. 1,67,335.

190. Under expenditure the increases were noticeable under Palace (Rs. 1,10,639), Huzur Cutcherry (72,999), Stamps (Rs. 11,804), Jails (Rs. 34,259) Extra-ordinary (Rs. 2,73,201), Public Works Department (Rs. 2,98,717), and Tour expenses (Rs. 3,58,809). The increase under Palace was due to unavoidable additional requirements and that under Huzur Cutcherry chiefly to conversion operations. Under Stamps the increase was due to the payment to Messrs. Waterlow Sons of their bills for the price of Stamp Papers purchased in the previous year. The rise under Jails was due to the increased number of prisoners owing to Famine. The expenses on account of Famine were mainly charged under Extra-ordinary, and the Tour expenses related to the 6th Europe Trip. Noticeable increase under expenditure.

191. At the close of the year under review there was a cash balance of Rs. 58,34,015 British. It was really less by Rs. 5,79,762 British than what it was at the opening of the year. In addition to this there was a net increase in debt as noted above. Cash Balance.

HUZUR ENGLISH OFFICE.
Baroda, 1*st October* 1902.

R. V. DHAMNASKAR,
Dewan.

APPENDICES.

Appendix

JUDICIAL.—CIVIL

GENERAL

General statement showing the various Judicial Tribunals existing in the Territories of His present incumbents, income, expenditure and work

Serial Number.	Name of Tribunals.	Name of Judge or Magistrate.	Location.	Territorial Jurisdiction.	Judicial Powers.	Execution or other functions.
1	2	3	4	5	6	7
1	Varisth Court	Meherban Khan Bahadur, Kershasp Rustomji Dadachanji, M. A. LL. B., Chief Justice. Meherban Khan Bahadur, Abbas Samsudin Tayabji, Bar-at-Law, Judge. Meherban Rao Bahadur, Krishnrao Vinayek Sarangpani B. A. LL. B, Judge.	Baroda ...	Whole Territory ...	1 *Civil*:—Final appeal in Civil cases, Extraordinary power to try any original case. 2 *Criminal*:—Final appeal and revision in Criminal cases. Extraordinary power to try any original case and can use 1st Class Magistrate's power. Can sentence up to life imprisonment, fine to any amount, and 30 stripes. Sentence to death subject to confirmation by the Huzur. 3 *General*:—General power of superintendence and revision over all the Civil and Criminal Courts. Power of hearing appeals against acquittals and of reversing such decisions, if necessary, and for enhancement of punishment according to rules and regulations.	Function of the head officer of Extradition Department.
2	Sardar Court	Rao Bahadur, Laxmanrao Govind Ghaneker, B. A.	,, ...	,, ...	1 *Civil*:—Power to try original suits up to any amount against those who are enlisted in Sardars' list or against others who are involved with them. Powers to try Small Cause suits up to Rs. 100 when alone and up to Rs. 150 when forming a bench with another judge or with Punch. 2 *Criminal*:—Can give any sentence according to the law except life imprisonment and fine up to any amount. *Remarks*:—Cannot impose any kind of punishment without the previous sanction of the Huzur, on any of the 13 specified Sardars of the Sardars' list; and cannot put into force, without the sanction of the Huzur, any sentence of imprisonment passed against them.	Execution of Decrees.
	Prant Judges.					
3	District Judge Baroda ...	Rao Bahadur, Gajanan Bapuji Kothare, B. A. L. L. B.	,, ...	Baroda District and Baroda City.	1 *Civil*:—Power to try original suits up to any amount, to hear appeals from decisions and orders of Munsiffs. Power to try Small Cause suits up to Rs. 750 when alone and up to Rs. 2,250 when forming a bench with another Judge or with Punch and to hear appeals on the decrees, and orders of the Mahal Munsiffs in Navsari and Amreli District. 2 *Criminal*:—Can give any sentence according to the law. Can execute the sentence of life imprisonment with the sanction of the Varisth Court. Can execute the sentence of death and transportation with the sanction of the Huzur.	Execution of decrees.

32	Steam Road Roller for road consolidation in the Amreli Division ...	7,000	
33	Canal Head work including wall from Bridge to head work	12,785	
34	Constructing a Bridge over Jojwa Nala including wall from Dam to bridge	32,335	
35	Road from Patan to Harij	88,016	
36	Widening the Vadnagar Station Road	15,808	
37	Road from Vadnagar gate to Pindharia at Visnagar	6,047	
38	Excavating tank at Pachot village in Mehsana Taluka	14,124	
39	Excavation of Kanpur Tank. In Attersumba Peta Mahal	12,683	
40	Excavation of Kund tank at Vijapur Kasba	6,617	
41	Drainage channel from Vasna Chodhri to Dhenup Bridge in Dehegam Taluka	9,091	
42	Repairs to the Drainages in Kadi Division	6,000	Babashai.
43	Special pitching for Irrigation tank at Umrat	7,700	
44	Constructing a metal road from Maroli to Vashna.		
	Earth work only	8,392	
45	Breaking and collecting metal on Vellacha Vankal road. (Additional sanction)	19,889	

Appendix Au.

STATEMENT No. XLVIII.

Statement showing the works, each costing Rs. 5,000 *and upwards, including Famine Works sanctioned during the year* 1900-1901.—*Concluded.*

No.	Name of Works.	Amount of sanction.	Remarks.
46	Breaking and collecting metal on Vankal Zankvav road for Railway Ballast (Additional sanction)	7,797	
47	Constructing a metal road from Mahuwa to Anawal	10,000	
48	Constructing a metal road from Billimora to Desra...	5,089	
49	Making survey and projects for Irrigation works in Kadi Division ...	5,000	
50	Dharusan Reservoir Project	74,497	
51	Metal road from Dwarka to Swan Talao	8,171	
52	Raising the road from Suraj Kuradia to Adatra	7,500	
53	Culverts on Vachhoo Road	15,750	
54	Culverts on Gopicharkla Road	28,445	
55	Waste-weir at Damnagar...	18,159	
56	Survey of the Irrigation project at Damnagar	5,000	
57	Survey of Velun Harbour	5,000	
58	Excess on the earthwork of the several channels &c. at Damnagar &c...	24,151	
59	Revised estimate for completing the double row of submerged weirs across the river Saraswati at Anawada near Patan	39,157	
60	Pichri project in Kodinar Taluka	2,88,600	
61	Revised estimate for earthwork on Maund Chansama Railway	22,987	
62	Deepening the Sakpur Tank in Damnagar Taluka	9,242	
63	Revised estimate for Petlad Cambay line	16,752	
64	Earthwork of the Railway from Padra to Ranu	10,000	
65	Formal sanction for the revised estimate for the earthwork of the Kadi Kalol Railway	8,956	

J. R. CHICO,
C. E.
Secretary, P. W. Department.

Appendix Av.

STATEMENT No. IL.

Statement showing the receipts of each District Municipality during the year 1900-1901 *in mixed currency including fixed and special grants, the Municipal receipts and the amount of expenditure in the year* 1900-1901 *as compared with the expenditure during* 1899-1900.
